Recent Developments

Global News

- The **U.S.** Centers for Disease Control and Prevention will no longer recommend quarantines or test-to-stay programs at schools or daycare centers for people exposed to COVID-19, the agency said in updated guidelines on Thursday.
- Covid infections in **Germany** are declining in all federal states and age groups, the Robert Koch Institute (RKI) said in its weekly report released on Thursday evening. Meanwhile, the nationwide 7-day incidence dropped again last week by 27 percent.

Regional News

- A few cities in **China's** tourism hub Hainan extended lockdowns on Friday, with some of the measures expected to last through the weekend.
- **Hong Kong** is easing Covid-19 entry rules for international arrivals from Friday (Aug 12), requiring them to remain in a hotel for three days before undergoing four days of "home medical surveillance".
- **Japan's** daily coronavirus tally soared to a record 250,403 cases on Wednesday, and it had the highest number of new cases in the world for the third week in a row.
- **Vietnam** recorded over 571,000 new Covid-19 cases in the past week, which is among the top four countries (the other three are **Japan, the U.S., and South Korea**) with the highest number of Covid-19 cases in a week, the WHO said Wednesday.

Vaccine News

- A new COVID-19 vaccine considered effective against the Omicron variant will be available in **Japan** to all people who have completed at least two coronavirus inoculations from as early as mid-October, the government said Monday.
- **Germany's** health minister said Friday that European Union drug regulators may authorize the use of vaccines that are each effective against two variants of the coronavirus.
- **India** said on Wednesday that Biological E's COVID-19 vaccine Corbevax can be administered as a booster dose in people who have taken the country's other two main shots, Covaxin and AstraZeneca's Covishield, from Friday.

1/ Values show the 7-day average.

2/ Since January 31, 2020.

ASEAN+3 and Selected Economies: Vaccination Coverage Status (Percent of population)

Sources: Our World in Data via Haver Analytics; and AMRO staff calculations.

Note: Percent of fully vaccinated population shows the number of people who received all doses prescribed by the vaccination protocol (e.g. one dose of a single-dose vaccine, or two doses of a two-dose vaccine). In the event of discrepancy between data from Our World in Data and national authorities, data from national authorities take precedence.

World: New Cases by Region

ASEAN+3: Daily New Cases by Size of Population

(7-day average; thousand cases)

Source: Haver Analytics, sourced from Johns Hopkins University; and AMRO staff calculations.

Note: For ease of comparability, ASEAN+3 economies are grouped by population size.

Selected ASEAN+3: COVID-19 Hospitalizations

(Thousand persons)

Sources: Haver Analytics, sourced from national authorities.

Selected ASEAN+3: Aggregate Non-Residentials Mobility

(Percentage change from baseline; 5-day moving average)

Sources: Haver Analytics, sourced from Google COVID-19 Community Mobility reports; and AMRO staff calculations.

Note: Baseline refers to the median value of the corresponding day in the period Jan 3–Feb 6, 2020. “Non-residentials” refer to the aggregated mobility data for places such as groceries and pharmacies, retail and recreation facilities, transit station and workplaces. ASEAN-5 = Indonesia, Malaysia, the Philippines, Thailand, and Singapore. CLMV = Cambodia, Lao PDR, Myanmar, and Vietnam.
