	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
		<p>hotels and registered lodging houses), food and beverage, as well as air and water transport sectors.</p> <ul style="list-style-type: none"> – Offering a six month extension for i-Ready apprentices and trainees whose contracts end before September 2020. – Allowing temporary exemption of customs and excise duties on personal hygiene products to help retailers and consumers manage prices amid increasing demand. – Providing business matching by Darussalam Enterprise (DARE) for MSMEs to onboard e-commerce platforms to help market their services/products online more effectively, to mitigate challenges with offline retail. – Providing an additional monthly allowance of BND 400 to frontline health workers and volunteers. 			
March 23	•	•	•	•	• Banned entry of foreign nationals.
March 28	•	•	<ul style="list-style-type: none"> • [MOFE] Announced measures to assist micro, small and medium enterprises (MSMES) and local employees in private sector: <ul style="list-style-type: none"> – Supporting life-long learning initiatives, especially in the upskilling and reskilling of local employees to support private sector growth – Assisting Micro, Small and Medium Enterprises (MSMEs) to participate in e-commerce platform for more effective business matching – Providing Co-Matching Grant for e-commerce and logistic services – Providing 25% salary subsidy to local employees of MSMEs with total employees less than 100, for a period of three (3) months – Removal of rental charges for tamu, pasar and gerai (wet and dry markets) that are provided by the Ministry of Home Affairs for a period of six (6) months – Extending I-Ready Apprenticeship Programme to Diploma Level 5 (HND or Advanced Diploma) and Technical and Vocational Education Training (TVET) – Upgrading Job Centre Brunei (JCB) Portal: Automatic job matching for local job seekers, and real-time status of their job applications – Manpower Planning and Employment Council will continue to work together with companies to learn more about their projected manpower needs. 	•	•
March 30	•			<ul style="list-style-type: none"> • [MOFE on behalf of AMBD and BAB] Announced additional financial support measures amounting to an estimated BND 250 million, effective April 1, 2020. The following deferments will commence upon 	•

Brunei Darussalam

Date	Measure				
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
				<p>approval and will be applicable up to March 31, 2021.</p> <ul style="list-style-type: none"> – Extending deferment on principal repayments of financing or loans to all sectors; – Restructuring or deferring the principal repayment of personal loans and hire purchase such as car financing, for a period of not exceeding 10 years; – Deferring principal repayments on property financing; – Converting any outstanding credit card balances into term loans not exceeding 3 years for affected individuals in the private sector only, including self-employed individuals. However, this measure will not increase the borrower's credit within the 3-year period; – Waiving all bank fees and charges related to these facilities, except third party charges. <ul style="list-style-type: none"> • Note: These measures (including the previous announcements on 19, 21 and 28 March) boost the economic stimulus package to BND 450 million (2.7 percent of GDP). 	
April 14	•	•	•	•	<ul style="list-style-type: none"> • Conducted Random COVID-19 tests for migrant workers, including cleaners. • Revised Home self-isolation to 14 days post discharge.
April 19	•	•	•	•	<ul style="list-style-type: none"> • Required foreigners entering Brunei to pay BND 1,000 for COVID-19 lab tests.
May 4	•	•	•	•	<ul style="list-style-type: none"> • Started to conduct nationwide survey to assess COVID-19 community spread.
May 6	•	•	•	•	<ul style="list-style-type: none"> • Allowed daily limited service across borders—only 25 companies that are registered are allowed to cross the border.
May 9	•	<ul style="list-style-type: none"> • Provided a reduction in annual commercial property taxes of up to 50 per cent, with the aim of supporting local businesses to offset the financial impact of the COVID-19 pandemic. 	•	•	•
May 13	•	•	•	•	<ul style="list-style-type: none"> • Extended “stay home, stay safe” campaign until July 31
May 16	•	•	•	•	<ul style="list-style-type: none"> • Started the first phase of the de-escalation plan from May 16 to lift the COVID-19 restrictions. This first phase in the reduction of social distancing measures will include driving schools, gyms and fitness centres, sports facilities (indoor and outdoor), restaurants, cafes and food courts as well as stalls and markets. • Resumed restaurant dine-in services with precautions. Food premise operators are allowed to take in 30 percent of their seating, but buffets are not allowed
May 22	•	•	•	•	<ul style="list-style-type: none"> • Prepared repatriation plan for Bruneian students.
May 29	•	•	•	•	<ul style="list-style-type: none"> • Started reopening of mosques for Friday prayers after two months.
June 2	•	•	•	•	<ul style="list-style-type: none"> • Started to partially reopen schools. Students in Year 6, 8, 10 Express, 11, 12

					on the Gulf of Thailand. Siem Reap province is to be added to the quarantine-free province list in January 2022.
October 28	•	• Announced that support measures for the garment, tourism, and airline sectors have been extended until the end of the year, including wage subsidies for furloughed workers, and exemptions from tax payments, and other government fees.	•	•	•
October 29	•	•	•	•	• Announced the reopening of cinemas and art theatres in Phnom Penh. However, businesses considered high-risk in terms of spreading the COVID-19 virus, such as KTVs, discos, and night clubs remain closed.
October 30	•	•	•	•	• Announced the start of the vaccination campaign for children aged 5 years and above using the Sinovac vaccine. The MOH has also approved the emergency use of five types of Russian-made COVID-19 vaccines, including Sputnik V, CoviVac, Sputnik Light, and two different types of EpiVacCorona.
November 1	•	•	•	•	• Announced the full reopening of all sectors within the domestic economy, except businesses deemed at high risk of spreading COVID-19, such as KTVs, bars and discotheques, as these establishments remain closed until further notice.
November 15	•	•	•	•	• Announced that fully-vaccinated Cambodians and foreigners who enter Cambodia via air, water, and land will no longer be required to quarantine if they test negative upon arrival.
November 16	• Kept the reserve requirement ratio (RRR) unchanged at 7 percent at the 57 th Monetary Policy Committee Meeting; the NBC reiterated its commitment to providing necessary liquidity for the economic recovery, and intervening in the foreign exchange market, as needed, to maintain the stability of the exchange rate.	•	•	•	•
November 25	•	•	•	•	• Announced enhancement of the COVID-19 contact tracing system, raising tracing capacity to 100,000 contacts per day, from 10,000 per day.
November 30	•	•	•	•	• Announced temporary travel ban to and from 10 African countries (Botswana, Eswatini, Lesotho, Mozambique, Namibia, South Africa, Zimbabwe, Malawi, Angola and Zambia).
December 1	•	•	•	•	• Reopened businesses considered at high-risk of spreading COVID-19, particularly bars and discotheques, after nine months of closure. This decision effectively lifts restrictions on all domestic businesses in the country.

			agriculture and agro-industry sectors, as part of the pandemic recovery effort.		
February 23	•	•		•	• Announced commencement of COVID-19 vaccination of children between the ages of 3–5 years old.
March 9	•	• Approved capital gains tax deferral until 2024 in a bid to restore and prop up post-pandemic economic growth. The Ministry of Economy and Finance's General Department of Taxation (GDT) issued a notice on March 9, 2022 extending the deadline for declaring capital gains tax by another two years, setting January 1, 2024 as the date the tax comes into effect.	•	•	•
March 11	•	•	• Extended deadline for online business registration to July 2022. Uncertainty over business conditions and the impact of the spread of COVID-19 has prompted the Ministry of Commerce to postpone the issuance of fines until July for online business owners who are late to apply for e-commerce permits or licences. Fines for late submission of applications for e-commerce permissions and licenses, due by March 1, 2022 have now been extended to July 1, 2022. It will be the third time that the ministry has decided to provide the reprieve to all e-commerce business owners. It had previously set the deadline for December 1, 2021 and subsequently pushed to March 1, 2022.	•	•
March 17	•	•	•	•	• Scrapped pre-departure and arrival COVID-19 tests for vaccinated foreign arrivals, and restarted visa-on-arrival. To enter Cambodia, one only needs to show proof of COVID-19 vaccination.
March 23	•	•	• Announced new regulation that allows for more frequent fuel price changes, with adjustments now made 3 times each month (on the 1 st , 11 th and 21 st day of each month) from 2 times each month (on the 1 st and 15 th day of each month). The new policy is expected to take effect next month, and is intended to keep domestic prices in line with movements in the global market. Retail fuel prices have increased by almost 30 percent since the start of the year.	•	•
April 20	•	• Announced the delay of the planned implementation of capital gains tax, to January 1, 2024, through Notification 4577 issued by the General Department of Taxation (GDT). The capital gains tax was originally planned to be implemented in July 2020, and is being postponed to help businesses recover from the pandemic.	•	•	•
April 22	•	• Announced that stamp duty tax exemption for property worth less than USD 70,000 will be extended until the end of 2022, to	•	•	•

January 25, 2020					• Locked down Wuhan city and restricted travel.
January 31		• Provided interest discount support to key enterprises in epidemic prevention and control.			
February 1	• Supported the issuance of "anti-epidemic bonds" (corporate bonds).	• Provided tax relief for imported materials used for epidemic prevention and control. For loans to key corporates, the central government will pay 50 percent of the interest rate. • Lowered the guarantee rate paid for government financing guarantee and to re-guarantee institutions	• Announced that the CBIRC will work with banks to undertake loan extensions, and help to increase financing and reduce financing cost for SMEs. • Granted forbearance for SME loans in Hubei provinces. • Encouraged loan extension for SMEs in other parts of China.	• (The PBC and CBIRC) signaled the possible postponement of the implementation of the new rules on asset management. (Note: The new rules will greatly weigh on shadow banking activities). The PBC and the CBIRC are conducting technical assessments.	
February 4	• Injected USD 1.5 trillion into markets through repo operations.	• Provided tax preferential treatment for key producers and transportation enterprises fighting the epidemic.			
February 14		• Reduced and exempted agricultural credit guarantee related fees, and used disaster relief fund in agricultural production.			
February 17	• Carried out RMB 200 billion 1-year MLF operation and lowered the MLF interest rate by 10 basis points. • Increased a special re-lending facility by RMB 350 billion for lending to private, small, medium and micro enterprises at preferential interest rates. • Increased the re-lending and re-discounting quota by RMB 500 billion, and reduced the interest rate for re-lending to agriculture and small businesses by 0.25 percentage point to 2.5 percent.				
February 19		• Allowed the periodic reduction of social security payments. All provinces can exempt the payment of social security, payment of small, medium and micro enterprises, and halve the collection of social security of large enterprises. Enterprises in difficulty can also apply to defer payment.			
February 26			• Provided guidance to financial institutions to extend and renew loans to small and micro enterprises.		
February 28		• Enterprises affected by the epidemic may postpone provident fund payments.			
March 2	• Implemented the targeted inclusive finance, • Reduced the RRR for qualified banks by 0.5 percent to 1 percent. This additional reduction of 1percent for eligible joint-stock commercial banks would release RMB 550 billion of long-term funds.				
March 4		• Exempted VAT for small taxpayers in Hubei Province, and reduced the VAT rate for small taxpayers in other regions from 3 percent to 1 percent. • Reduced rent for individual industrial and commercial businesses that rent government-operated buildings.			
March 12		• Reduced taxes and fees for delivery, and logistics companies.

					COVID-19 testing had also been improved in several ways, among them: local governments having been required to release information of testing organizations' names, working hours and locations to the public, facilitating their reservations for the tests.
March 26, 2021	•	•	•	•	• Announced that Xi'an, capital of northwest China's Shaanxi province, launched a free mass COVID-19 inoculation campaign days after the city reported a locally transmitted coronavirus case involving a medical worker. The vaccinations kicked off soon after the city government held a teleconference to plan and advance the task, presided over by Mayor Li Mingyuan.
March 29, 2021	•	•	•	•	• Announced active and prudent advance vaccination of people aged over 60 and those who have chronic diseases, based on the effectiveness of the approach adopted in the mass vaccination campaign thus far.
April 23, 2021	•	•	•	•	• [Top epidemiologist Zhong Nanshan] Indicated that China is on its way to developing vaccines against the COVID-19 variants, amid brisk progress in the country's vaccination drive.
May 13, 2021	•	•	<ul style="list-style-type: none"> • Announced measures to strengthen support for businesses and workers, including: <ul style="list-style-type: none"> <u>Businesses</u> – guiding civil aviation enterprises and financial institutions to take advantage of emergency loan policies. – increasing targeted financial support for industries severely impacted by the epidemic—including culture, tourism, offline retail, accommodation, and transportation – providing continued financial support for the upgrade and development of the manufacturing industry. – further strengthening financial services for MSMEs. <u>Jobs</u> – continuing unemployment insurance premium refunds for companies—covering up to 60 percent of costs for MSMEs and 30 percent for large enterprises (provided they refrain from layoffs). – extending vocational training programs and some unemployment subsidies through end-2021. – allowing enterprises which employ vulnerable groups like fresh graduates and migrant workers to remain eligible for tax cuts and insurance subsidies. 	•	•
May 14, 2021	•	•	•	•	• Announced the establishment of the National Bureau of Disease Control and Prevention (NBDCP), under the ambit of

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					<p>the National Health Commission (NHC), with the following key functions:</p> <ul style="list-style-type: none"> – drafting policies and regulations on matters related to public health; – guiding the construction of a disease control and prevention system; – planning and overseeing the implementation of pandemic monitoring and early warning systems; – guiding disease control research efforts; – supervising the public health system.
May 15, 2021	•	•	•	•	<ul style="list-style-type: none"> • Announced tightening of quarantine and testing rules for incoming travelers, especially those from India and some neighboring countries experiencing surging COVID-19 cases (where the virus was mutating more rapidly and new strains were spreading faster worldwide). Among the measures: all passengers arriving in China from overseas had to be quarantined for 14 days at centralized facilities, particularly those returning from India and other countries hit hard by the virus. For all returnees from overseas, two nasal swab samples would be collected from each person on the final day of their quarantine.
May 19	•	•	•	•	<ul style="list-style-type: none"> • Announced that, following the identification of the country's first confirmed case of COVID-19 in more than three weeks on May 13, medical workers and volunteers had conducted all-out efforts to contain the latest outbreak. These efforts included an escalation in the pace of vaccination.
May 20	•	•	•	•	<ul style="list-style-type: none"> • Announced the availability of a single-dose vaccine to the general public—authorities highlighted that several cities across China have recently started offering residents a single-dose COVID-19 vaccine, in addition to the two-dose inactivated vaccines that were already widely used in the country's vaccination drive.
May 21	•	•	•	•	<ul style="list-style-type: none"> • Announced China's new international initiatives to fight the global pandemic. China would offer international aid totaling USD 3 billion over the next three years to boost developing countries' COVID-19 response, their economic recovery and social development. China was also starting an initiative to establish a forum for international vaccine cooperation to enable vaccine producers, countries, and other stakeholders to discuss how to fairly distribute vaccines globally.
May 25	•	•	•	•	<ul style="list-style-type: none"> • Announced that Guangdong province will up the pace of pandemic control, as mutant strains have been detected in Guangdong and Shenzhen, respectively. Guangzhou, the province's capital, and Shenzhen are considered major exit and entry ports to the Pearl River Delta and are consequently considered front-line battlegrounds for preventing and controlling the COVID-19 virus from spreading. To prevent further

					spread of the virus in Guangdong, which has a population of more than 120 million, the province will allow mass vaccination of residents older than 60. Until now, it has mainly provided vaccinations for prioritized residents from 18–60 years old.
May 31	•	•	•	•	<ul style="list-style-type: none"> Announced tightening of control measures in several different geographical locations in Guangdong province, as the number of local transmission cases increases. Several districts have been put under strict management.
June 4	•	•	•	•	<ul style="list-style-type: none"> [Guangdong] Expanded testing to help find suspect cases: All residents in the districts of Baiyun and Panyu in Guangzhou city, Guangdong province, are required to take nucleic acid tests starting 7 June, 2021 to help detect suspected COVID-19 patients and asymptomatic carriers. Yuexiu district started its second round of nucleic acid tests for all the residents between 4–6 June, 2021, while residents in the medium- and high-risk areas in Liwan district where the city's first confirmed case was detected on May 21, 2021 are to take multiple rounds of nucleic acid tests in the previous weeks. Authorities said that the larger scale of test campaign in Guangzhou's districts are aimed at preventing and controlling the virus from spreading further in the southern metropolis when the number of COVID-19 patients and asymptomatic carriers detected in the city continued to increase.
June 8	•	•	•	•	<ul style="list-style-type: none"> Reiterated objective of having at least 70 percent of the target population in China vaccinated by the end of the year, calling for joint efforts to build the "Great Wall of Immunization."
June 10	•	•	•	•	<ul style="list-style-type: none"> Announced that a national supply network for COVID-19 convalescent plasma had been established, with a reserve bank in Wuhan, in Central Hubei province, and similar stocks located in provinces across the country.
June 11	•	•	•	•	<ul style="list-style-type: none"> Announced approval of the emergency use of China's domestic inactivated vaccines on people aged 3–17. Based on the specific pandemic situation, disease-control requirements and the targeted age group's characteristics, China would organize medical experts to formulate detailed policies on newly-granted vaccinations for people aged 3–17, and see that the effort was carried out in a safe and effective manner by the relevant authorities.
June 18	•	<ul style="list-style-type: none"> Announced that the government would withdraw some temporary tax and fee reduction measures, which were implemented after the COVID-19 outbreak, while ensuring more support for small businesses to sustain economic recovery. 	•	•	•

China

Date	Measure				
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
		Some of the temporary and emergency tax and fee cuts related to pandemic prevention and control would not be extended upon expiry. However, policies such as value-added tax (VAT) reductions for small businesses would be kept, in order to maintain the necessary support for economic recovery.			
June 29	•	•	•	•	<ul style="list-style-type: none"> Announced that an international health station would be built in Guangzhou, Guangdong province, to help prevent the spread of the COVID-19 virus. A key consideration is that nearly 90 percent of inbound passengers to China came in via Guangzhou. Rooms at the station would be designed and built for the isolation and quarantine of COVID-19 patients. Located in a suburb of the city, the station would occupy an area of 250,000 square meters, with 5,000 independently isolated rooms.
July 1	•	•	•	•	<ul style="list-style-type: none"> Commenced vaccination of people aged above 60 in Guangdong. The provincial health commission said that most of the vaccines used are of the inactivated virus type, and that these vaccines are an effective way of controlling the pandemic.
July 16	•	•	•	•	<ul style="list-style-type: none"> Announced that some local governments plan to administer vaccines to teenagers as part of the country's mass immunization drive. The NHC said that giving shots to people aged below 18—the majority being students—would be "a significant part" of building herd immunity, which requires fully vaccinating about 80 percent of the population.
July 26	•	•	•	•	<ul style="list-style-type: none"> Announced start of vaccinations for middle and high school students in Beijing, aged between 12 and 17. The exercise would commence with senior students and move to those in junior grades. According to local authorities, over 90 percent of adults aged 18 and above in Beijing had been fully vaccinated by July 20, 2021.
July 29	•	•	•	•	<ul style="list-style-type: none"> Implemented containment measures in Nanjing; required city-wide testing not just for residents but also for visitors. Authorities also issued stay-home directives for hundreds of thousands of residents in Nanjing, and closed several types of establishments, including internet cafes, gyms, cinemas, karaoke bars, and libraries.
July 29	•	•	•	•	<ul style="list-style-type: none"> Announced start of vaccination of young people aged between 12 and 17 in Guangzhou, with anticipated completion by end-September 2021.
August 2	•	•	•	•	<ul style="list-style-type: none"> Announced that the State Council inter-agency task force for COVID-19 response has dispatched a working group to guide prevention and control efforts in Henan province.

China

Date	Measure				
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
August 12	•	•	•	•	<ul style="list-style-type: none"> • Announced speeding-up of mass testing for COVID-19 after 17 provincial-level regions were confirmed on August 4, 2021 by the National Health Commission to have local confirmed cases of the Delta variant: • Mass testing of populations of more than 5 million people should be completed within three days; the previous time limit was three to five days, as specified in early February. • For populations of 5 million people or fewer, the period to complete the tests remains unchanged at three days.
August 20	•	•	•	•	<ul style="list-style-type: none"> • Lifted lockdown of two residential communities in Beijing—the Longyueyuan No 2 residential community in Changping district, where the person who was first confirmed with COVID-19 during the latest round of the pandemic lives, and the Guoxingjiayuan community in Haidian district. However, residents are encouraged to avoid unnecessary travel out of the capital.
September 13	•	•	•	•	<ul style="list-style-type: none"> • [Xianyou county in Fujian province] Implemented strict measures, including mass testing, closure of public places, and imposition of travel curbs.
September 14	•	•	•	•	<ul style="list-style-type: none"> • [Xiamen] Implemented strict measures by: • Classifying an area in the city's Tongan District as high risk after a cluster of COVID-19 infections was reported in a factory there. • Advising Xiamen residents to not leave the city unless necessary. Those who want to leave must present a green health code and a negative test result within 48 hours before leaving. • Undertaking citywide testing. • Revised guidelines for mass testing to strengthen the fight against the Delta variant of the virus: • Cities with fewer than 5 million residents should complete testing for every individual in two days; cities with more than 5 million residents should complete the task within three days. • When necessary, cities could apply for provincial-level and even nationwide support to ensure that testing is completed on schedule. • When the source of infections is unknown, at least three rounds of mass testing should be conducted. • Started vaccinations of foreign minors in Shanghai. The office of Shanghai's epidemic prevention and control workgroup said that the city would administer vaccines to foreign recipients aged between 12–17 from 8 p.m. on September 16, 2021: • These minors could voluntarily use their passports, international travel documents,

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					<ul style="list-style-type: none"> or identity certificates to make reservations for vaccination through an online platform. • Relevant information of parents or guardians, including names, certificates and phone numbers, should be provided simultaneously. • Accompanied by their parents or legal guardians, the foreign minors must sign their informed consent before vaccination.
September 22	•	•	•	•	<ul style="list-style-type: none"> • [Harbin] Tightened control measures. Local officials urged residents to not leave the city, closed public venues, suspended large-scale activities, rolled virus tests, and ordered all schools and kindergartens to conduct classes online.
September 26	•	•	•	•	<ul style="list-style-type: none"> • Announced that foreigners aged 12–17 could get vaccinated in Guangzhou.
October 1	•	•	•	•	<ul style="list-style-type: none"> • Announced that China is accelerating the formulation of policies and implementation guidelines for COVID-19 vaccine booster shots for key groups of people, as the risks of infection from imported variants of the virus remains high.
October 14	•	•	•	•	<ul style="list-style-type: none"> • [The border city of Erenhot in Inner Mongolia] Started all-inclusive testing at noon, October 14, 2021 after it reported one locally transmitted confirmed case on the same day.
October 19	•	•	•	•	<ul style="list-style-type: none"> • Announced that task forces have been dispatched by the National Health Commission and the national administration of disease prevention and control to four provincial-level regions, including Inner Mongolia, Gansu, Shaanxi and Ningxia, to guide local COVID-19 response efforts.
October 22	•	•	•	•	<ul style="list-style-type: none"> • Announced the tightening of pandemic control and prevention measures by local governments in Gansu and Hebei provinces after sporadic outbreaks were reported: <ul style="list-style-type: none"> ○ In Lanzhou, Gansu, the bureau of education issued a notice ordering all schools, from kindergartens to senior high schools in the city, to temporarily suspend the commencement of classes to prevent the spread of the virus on campuses. ○ All teachers and students are ordered to be tested and no school is allowed to resume classes until further notice. ○ All airline passengers are required to show negative results of tests done within 24 hours if they want to leave Gansu from Lanzhou airport.
October 26	•	•	•	•	<ul style="list-style-type: none"> • [Beijing] Announced new measures to curb the spread of COVID-19 after the emergence of new local infections in recent days. • Authorities in Beijing urged residents not to leave the city unless necessary, and restricted those in regions with new

	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					<p>infections from entering the capital. All those traveling into Beijing should have their health codes checked at their arrival airport, railway or bus station, and those without a green health code should be barred from boarding planes, trains, and buses.</p> <ul style="list-style-type: none"> • Authorities suspended trans-provincial group tours. Local parks, theaters and museums are permitted to operate at 75 percent capacity and community recreational facilities, such as chess and card rooms, are temporarily closed. • Authorities encouraged the use of video conferences to replace in-person meetings and fora to help reduce the number of people coming into Beijing. • Announced containment measures in Lanzhou: <ul style="list-style-type: none"> • Residents of Lanzhou are required to stay at home. • The entry and exit of residents will be strictly controlled and limited to trips for essential supplies or medical treatment. • Bus and taxi services are suspended in the city, and Lanzhou station has suspended more than 70 trains, including on key routes to major cities like Beijing and Xi'an. • Flights to Lanzhou are also cancelled. • Announced that many provinces have started vaccinating children aged 3–11, as the number of COVID-19 cases has grown as a result of recent small outbreaks related to tour groups in Gansu province and the Inner Mongolia autonomous region.
November 14	•	•	•	•	<ul style="list-style-type: none"> • [Dalian, in Liaoning province] Started a new round of citywide nucleic acid testing to curb the spread of COVID-19; testing facilities and personnel were mobilized by the central and provincial governments to the city, bringing the daily nucleic acid testing capacity to 468,000.
November 14	•	•	•	•	<ul style="list-style-type: none"> • The Beijing government tightened COVID-19 control measures on the transportation sector to reduce potential risks. • Starting 15 November, people who had been to inland border cities in the previous 14 days should not come or return to Beijing if it was not absolutely necessary. Those border cities or counties total 51 — 12 in the Xinjiang Uygur autonomous region, 10 in Heilongjiang province, 10 in Yunnan, nine in the Inner Mongolia autonomous region, six in the Guangxi Zhuang autonomous region, three in the Tibet autonomous region and one in Jilin. • Residents in Beijing should not go to those border cities or counties. • Beijing also cut direct flights to the capital from cities where locally transmitted cases were reported. There was only one flight from those cities to Beijing at present, and

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					<p>passenger load factors should not be higher than 75 percent, according to the civil aviation authority.</p> <ul style="list-style-type: none"> In addition, starting 15 November, for all people who came to Beijing via railway, expressway or flights, they should hold negative results of a nucleic acid test taken within 48 hours before departure, as well as a green health code with Beijing Health Kit – a mobile app with information on an individual's health status.
November 19	•	•	•	•	<ul style="list-style-type: none"> Announced that Shanghai would begin registration for vaccination for children aged 3–5 at 8 p.m. on 25 November, 2021.
November 22	•	•	•	•	<ul style="list-style-type: none"> [Local authorities in Ruili (of Yunnan Province)] Announced that the city's disease control and prevention had ramped up its capacity to launch nucleic acid testing, genome sequencing and epidemiological investigation.
December 13	•	•	•	•	<ul style="list-style-type: none"> Tightened control measures in port cities. Authorities required port cities to shore up COVID-19 prevention and control precisely and scientifically and coordinate epidemic control and socio-economic development, according to a circular issued by the State Council inter-agency task force for COVID-19 response. The circular instructed port cities to improve epidemic prevention and control mechanisms, strengthen epidemic monitoring and warning systems, and to implement border control measures.
December 25	•	•	•	•	<ul style="list-style-type: none"> [Xi'an, capital of northwest China's Shaanxi Province] Implemented strict pandemic control measures. Xi'an sent tens of thousands of government workers to join the frontline staff working in residential quarters across the city to stamp out coronavirus. The megacity, with a population of 13 million, imposed closed-off management for communities and villages, in an effort to contain the latest COVID-19 resurgence. Residents were asked not to leave the city unless absolutely necessary.
December 27	•	•	•	•	<ul style="list-style-type: none"> Announced that Xi'an is beefing up anti-epidemic measures to contain a resurgence of COVID-19, while efforts were being made to ensure supplies for residents under quarantine.
January 9, 2022	•	•	•	•	<ul style="list-style-type: none"> Announced that Tianjin is to begin testing its population of around 14 million immediately after at least two local cases of Omicron infections are detected. Residents in four districts would be tested within 24 hours while other districts would be tested the following day.
January 11	•	•	•	•	<ul style="list-style-type: none"> [Zhengzhou] Upgraded measures to curb spread of COVID-19. Kindergartens, primary, and secondary schools in Zhengzhou City, capital of central China's Henan Province, suspended in-person

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					classes and started to hold classes online, while all the city's dining venues stopped offering dine-in services, in an effort to better contain the spread of a local COVID-19 outbreak. Nonessential public places are temporarily closed, while the city's supermarkets, convenience stores, bakeries, farmers' markets, medical institutions, banks, and offices would continue to provide essential services. Passenger transport services including shuttle buses, tourist transport, intercity ride-hailing, and taxi services are suspended. Those who enter the city must provide negative nucleic acid test results taken within 48 hours and show green health codes.
January 13	•	•	•	•	• [Tianjin] Started a new round of testing for 14 million residents in response to the Omicron threat. The city ordered a half-day off for employees at companies and other institutions, and required them to keep activities "relatively static."
January 16	•	•	•	•	• [Beijing] Announced tightening of control measures, including requiring visitors to get tests done within 72 hours of entry. • Announced step-up of measures ahead of the Lunar New Year season, including tighter precautions and controls related to transport, such as: cutting off inter-provincial and inter-city road passenger transport services in medium- and high-risk areas; ensuring the smooth transportation of emergency supplies; and strengthening prevention measures for urban passenger transport.
February 12	•	•	•	•	• Gave conditional approval for Pfizer's COVID-19 drug Paxlovid, making it the first oral pill specifically developed to treat the disease cleared in the country.
February 19	•	•	•	•	• Announced that adults injected with a vaccine developed by Sinopharm or Sinovac at least six months earlier can now receive their booster doses with vaccines using different technologies, produced by CanSino Biologics (CanSinoBIO) or a unit of Chongqing Zhifei Biological Products.
February 21	•	•	•	•	• Instructed regional authorities not to impose unauthorized lockdowns, in order to avoid imposing unnecessary strains on struggling services sectors.
February 21	•	•	•	•	• Announced exploration of how to improve COVID-19 prevention and control measures, with the approach being "neither the current dynamic zero-COVID policy nor simply 'lying down'." It would ensure not only that the pandemic in Mainland China is under control but also that China could preserve / pursue integration with the international community to maintain normal international exchanges and economic development.

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
March 11	•	•	•	•	<ul style="list-style-type: none"> Announced that China would begin using COVID-19 antigen tests as a supplementary method to improve its early detection capability.
March 12	•	•	•	•	<ul style="list-style-type: none"> Partially locked down the cities of Shanghai and Shenzhen, for a week to combat a sudden increase in the number of COVID-19 cases.
March 15	•	•	•	•	<ul style="list-style-type: none"> Implied that China may stick with dynamic zero tolerance policy—China state media quoted experts as saying that it is appropriate for authorities to continue with the “dynamic” zero-COVID strategy and enforcement of science-based control measures to stop the spread of the virus.
March 17	•	•	•	•	<ul style="list-style-type: none"> [President Xi] Announced that China will continue with dynamic zero tolerance policy, highlighting the measures the nation has taken to effectively control the virus since it started implementing the regular epidemic prevention and control policy, and that the country's COVID-19 response strategy has protected people's lives, safety, and health to a maximum extent.
March 27	•	•	•	•	<ul style="list-style-type: none"> [Tianjin, which neighbors Beijing and has a population of 13 million] Began citywide nucleic acid testing, according to local authorities. All residents are advised not to leave their communities. [Shanghai authorities] Announced that the city would be locked down in two stages to carry out COVID-19 testing over a 9-day period, after reporting a new daily record for asymptomatic infections.
April 2	•	•	•	•	<ul style="list-style-type: none"> Ordered local authorities to further reduce the price of COVID-19 tests to no more than RMB 28 per person for individuals and no more than RMB 8 per person for groups of ten persons, per notice jointly issued by the NHC Security Administration and the State Council Joint Prevention and Control Mechanism against COVID-19. All provincial-level regions are to complete the price adjustment by end-April 2022.
April 3	•	•	•	•	<ul style="list-style-type: none"> [Shanghai authorities] Ordered the 26 million residents to undergo two more rounds of tests for COVID-19, with residents self-testing on April 3, 2022 using antigen kits and reporting any positive results, and a nucleic acid test to be conducted citywide on April 4, 2022.
April 4	•	•	•	•	<ul style="list-style-type: none"> Deployed the military and thousands of healthcare workers into Shanghai to help carry out COVID-19 tests for all of its 26 million residents. Announced that Shanghai would remain under lockdown past the original 5 April, 2022 5 a.m. target opening-up date / time, while the results of the universal testing exercise are reviewed.
April 6	•	•	•	•	<ul style="list-style-type: none"> [Beijing authorities] Announced imposition of stricter prevention and control measures

					excluding cases in quarantine centers, with six of its 16 districts attaining zero-COVID-19 status.
May 2	•	•	•	•	<ul style="list-style-type: none"> [The Beijing Municipal Health Commission] Announced that Beijing has completed its third round of mass testing on 29 and 30 April, 2022, covering around 21.8 million residents; and that there would be two more rounds of testing in some areas, such as Chaoyang and Miyun districts, between 1–4 May, 2022.
May 3	•	•	•	•	<ul style="list-style-type: none"> [Beijing] Announced further tightening of control measures. Residents of Beijing's medium and high-risk areas, as well as those in the lockdown zones and controlled zones, are disallowed from leaving the city. The same applies to those who live in the communities, towns and villages where one or more confirmed COVID-19 cases has been reported. Other residents are to refrain from leaving the city if the trip is not absolutely necessary. Those who have to leave the city should first have negative nucleic acid test results within 48 hours before departure. After the five-day May Day holiday, workers should have negative nucleic acid test results taken within 48 hours before returning to work.
May 4	•	•	•	•	<ul style="list-style-type: none"> [Beijing] Enacted more control measures, including shutting down more than 60 subway stations (about 15 percent of the network) and 158 bus routes; and cordoning off some residential areas. [Zhengzhou] Announced work-from-home arrangements and other measures for the upcoming week.
May 7	•	•	•	•	<ul style="list-style-type: none"> [Beijing] Kicked off another round of mass testing for COVID-19 and shut more bus routes and metro station, [Shanghai] Postponed 高考 “gao kao”—high school exams for entry to universities—by one month, to early July 2022.
May 13	•	•	•	•	<ul style="list-style-type: none"> [Beijing] Ramped up testing—starting three more rounds of testing in 12 districts from May 13–15, 2022.
May 13	•	•	•	•	<ul style="list-style-type: none"> [Shanghai] Indicated expectations of achieving zero-COVID beyond areas under closed-loop management in mid-May 2022, and would then ease COVID-19 restrictions while implementing a tiered management system for communities based on their risk levels, local authorities said.
May 15	•	•	•	•	<ul style="list-style-type: none"> [Beijing] Extended guidance to work from home in four districts of the capital, including the largest, Chaoyang.
May 16	•	•	•	•	<ul style="list-style-type: none"> [Shanghai] Announced a three-phase pathway to normality: (1) continue reducing new infection numbers and preventing rebounds, and to continue bringing down the population numbers in lockdown and controlled zones; (2) focus efforts on

China

Date	Measure				Containment
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	
					transitioning from emergency response to normalized epidemic prevention and control; and (3) begin to restore production and life order starting from June 1, 2022.
May 17	•	•	•	•	• [Shanghai] Announced that all 16 districts in Shanghai have achieved zero new COVID-19 infection outside quarantine and lockdown populations. The number of residents in lockdown zones in the city has shrunk to 860,000; 16 out of the 24 major construction sites on the city's first whitelist of production resumption have resumed operations.
May 19	•	•	•	•	• Removed some COVID-19 testing requirements for people flying in from countries such as the United States, and shortened the pre-departure quarantine for some inbound travelers, as measures are fine-tuned to cope with the Omicron variant. Travelers from the United States would no longer need an RT-PCR test seven days before flying. Requirements for antibody tests are also scrapped. These travelers would still need to do two RT-PCR tests within 48 or 24 hours of their flights, depending on which airports they are flying out of, plus another pre-flight antigen test. However, travelers who have recovered from a previous infection would still need to go through six weeks of isolation before going through further procedural steps.
May 21	•	•	•	•	• [Shanghai] Continued to gradually reopen shopping malls, convenience stores and wholesale markets and allow more people to walk out of their homes; and also to further normalize public transport, including allowing residents to move between districts and meet the need for connections to railway stations and one of the city's two airports.
May 21	•	•	•	•	• [Shanghai's central Jingan district, a key commercial area] Announced that all supermarkets and shops are to shut and residents to stay home until at least May 24, 2022, by which time a three-day mass testing exercise should be completed.
May 24	<ul style="list-style-type: none"> • [State Council] Decided to implement 33 measures in six areas to support the Covid-hit economy, with key elements including the following: <ul style="list-style-type: none"> – Fiscal and related policies would target stable operations of market entities and ensure stable employment. – Value-added tax credit refunds would be extended to more industries, a move that is expected to increase tax refunds by over RMB 140 billion, and bring the total amount of tax refunds and reductions to RMB 2.64 trillion in 2022. – The country would prolong the policy of deferred premium payments for MSMEs, self-employed businesses and companies in the five hard-hit sectors until the end of 2022. – The scale of the support facility for inclusive loans to micro and small businesses would be doubled. – The country would promote the listing of platform companies on domestic and overseas markets in accordance with laws and regulations. – China would stabilize industrial and supply chains, optimize policies that support the early re-opening of enterprises and their full-capacity production, and improve services for "white-listed" enterprises. – The civil aviation industry would be offered an additional emergency loan of RMB 150 billion, and supported in issuing RMB 200 billion of bonds. – China would increase the number of domestic and international flights, and take measures to facilitate the travel of foreign firms' employees. – Restrictions on vehicle purchasing will be relaxed, a number of infrastructure projects will get started, and a new round of rural road construction and renovation work will be launched. – China would also issue RMB 300 billion of railway construction bonds. – To ensure energy security, the country would build a batch of hydropower and coal-fired power plants this year. 				<ul style="list-style-type: none"> • Declared Shanghai a zero-COVID-19 city, with some control measures cautiously relaxed. • Tightened Beijing's control measures, including work-from-home requirements and quarantine arrangements.
May 25	•	• Announced fiscal measures to further help market players overcome difficulties and sustain development:	•	•	•

China

Date	Measure

					partitions to reduce the relevant infection risks. Unless exempted, the prohibition on group gatherings of more than four people in public places will continue. The requirement for wearing a mask at all times when on public transport and in public places will also remain in effect.
March 4	•	•	• Announced that banks will extend the repayment holiday for small firms until October 2021. The banks must allow 120,000 qualified corporate borrowers—companies with an annual sales turnover below HKD 800 million (USD 103 million) and no serious overdue loans—to defer repayments of principal on corporate loans or mortgages until October 2021.	•	•
March 5	•	• [Hong Kong Housing Authority] Approved 6-month extension of rent concession period for eligible non-domestic tenants from April 1–September 30, 2021. It is estimated that a total of around 9,900 of the HA's non-domestic tenants/licensees will benefit from the extension of rent concessions. The rent foregone for this extension of 75 percent rent concession for six months is estimated to be around HKD 657.3 million.	•	•	•
March 15	•	•	•	•	• Announced the maintenance of restrictions on those who have stayed in extremely high-risk specified places (Brazil, Ireland, South Africa and the United Kingdom) from boarding flights for Hong Kong. The 21-day compulsory quarantine requirement for people arriving in Hong Kong who have stayed in places outside China will also continue.
March 17	•	•	•	•	• Announced that the social distancing measures currently in place will be maintained until March 31, 2021.
March 29	•	• Announced that starting from May 1, 2021, the Government's Job Creation Scheme under the Anti-epidemic Fund will provide up to 2,000 short-term jobs for a period of around five months for practitioners in the travel trade to be responsible for the operation and administrative work at 24 community vaccination centres (CVCs) that are not operated by private hospitals.	•	•	•
March 30	•	• Announced a reduction on the working hour requirements of the Working Family Allowance Scheme from June 2021 to May 2022 to provide additional support to working individuals and families with financial difficulties amid the ongoing COVID-19 pandemic.		•	•
March 31	•	•		•	• Announced the maintenance of the majority of social distancing measures on catering businesses and scheduled premises until April 14, 2021 and encouraged more members of the public to get vaccinated as early as possible. – Swimming pools and beaches can be reopened from April 1, 2021 with social

					classes in stages, while cultural sites can also resume operations at 25 percent of maximum capacity.
March 26	•	•	•	•	• Cancelled the long holidays for the 2021 Eid homecoming trip to ensure optimal implementation of the COVID-19 vaccination program, applicable from May 6–17, 2021.
April 5	•	•	•	•	• Extended the micro-PPKM until April 19, 2021, and expanded coverage to include five more provinces (Aceh, Riau, South Sumatra, North Kalimantan, and Papua). The total number of provinces under the micro-PPKM is now 20.
April 9	•	• Announced working capital subsidies to micro enterprises with asset values below IDR 50 million, and annual revenues below IDR 300 million were lowered to IDR 1.2 million per recipient; the coverage has been expanded to cover 2.4 million more micro enterprises than in 2020, bringing the total targeted coverage to 12.8 million. As of April 1, 2021, the government disbursed up to IDR 7.9 trillion (less than 0.1 percent of GDP) to around 6.6 micro businesses.	•	•	•
April 19	•	•	•	•	• Extended the micro-PPKM until May 3, 2021, and expanded coverage to include five more provinces (West Sumatra, Jambi, Bangka Belitung Islands, Lampung, and West Kalimantan). The total number of provinces under the micro-PPKM is now 25.
April 20	• Kept key policy rate, the 7-day reverse repo rate (BI7DRR) rate, unchanged at 3.50 percent. • Continued to strengthen policy synergy with the government and other relevant agencies, namely the Financial Service Authority (OJK) and Deposit Insurance Corporation (LPS), under the Financial System Stability Committee platform, including (1) enhancing the transmission of monetary policy to banks' lending rates; (2) supporting digitalization acceleration via raising the QRIS transaction limit and lowering the merchant discount rate for public service providers; and (3) participating in trade and investment promotion activity.	•	•	•	•
April 22	•	•	•	•	• Tightened travel restrictions during Ramadan and Eid homecoming holidays in anticipation of a surge in traffic that could risk new infections. The population is barred from non-essential travel outside of their residential cities from April 22–May 5, 2021 and from May 18–24, 2021 unless they produce a negative COVID-19 test result and provide written documents to prove that the trip is important. Only emergency trips are allowed between May 6–17, which must be supported by sufficient documentation to prove their urgency.

	<ul style="list-style-type: none"> support budget financing for economic recovery. Continued the policy of stabilizing the rupiah exchange rate in line with its fundamental and market mechanisms. Maintained the policy synergy with relevant government agencies to encourage banks to lower their lending rates and stimulate bank loans, in particular, to priority sectors to support recovery. 				
June 22		<ul style="list-style-type: none"> Extended tax incentives in the national economic recovery program (PEN) until end-2021. They include personal income tax exemptions for employees with an income of up to IDR 16 million per month, and a 50 percent discount for corporate income tax. Furthermore, the housing VAT discount and sales tax discount on luxury goods (PPnBM) for vehicles are also extended until year-end. 			<ul style="list-style-type: none"> Tightened the micro-PPKM by allowing shopping centers, including malls, markets, and other trade centers to open up to 8 p.m. local time only, and dine-in is capped at 25 percent of total capacity, down from 50 percent previously, from June 22–July 5, 2021. The tighter restrictions also apply to restaurants, food stalls, cafes, street vendors, and booths, either personally built or at shopping centers.
June 24					<ul style="list-style-type: none"> Set a target to administer one million COVID-19 vaccine doses per day and raise it to two million doses, starting from the second half of 2021.
June 25					<ul style="list-style-type: none"> Banned the performance of Friday Islamic prayers in red zones or areas with high risk of COVID-19 transmissions in Jakarta until July 5, 2021. Authorized the emergency use of COVID-19 vaccines produced by Sinovac on children aged 12–17 years old.
July 1					<ul style="list-style-type: none"> Imposed tighter public activity restrictions, known as PPKM Emergency, on the islands of Java and Bali, from July 3–20, 2021. During this period, all malls will have to be shut while dining-in will be banned. Restaurants, cafes and street food vendors can only serve customers for takeaways. Grocery stores, supermarkets, minimarkets, and wet markets can be operational until 8 p.m. with a capacity of 50 percent. Population movements will be restricted according to the sectors that they work in. Employees in the critical sectors, such as energy, healthcare, security, logistics and transportation, food industry, petrochemical as well as utilities, among others that supply basic daily needs, can still work in the office. Employees in essential sectors, such as finance and banking, payment systems, information and communication technology, hotels that do not handle COVID-19 patients as well as export industries can work in the office with a maximum capacity of 50 percent and under strict health protocols. Last, but not least, those who work in the non-essential sectors must work from home. Those who want to travel by plane, bus, or train must be vaccinated at least once and also have a negative PCR test that is taken two days prior to boarding a flight. Public transport,

					meanwhile, may operate with a maximum of 70 percent capacity.
July 5	•	•	•	•	• Authorized emergency use of COVID-19 vaccines developed by US drug company, Moderna.
July 9	•	•	•	•	• Imposed public activity restrictions, or PPKM Emergency, on 15 regencies and cities outside Java and Bali islands to curb a spike in the number of COVID-19 infections in those localities.
July 14	•	• Expected to acquire less debt in 2021 by using the accumulated cash surplus (SAL) from 2020 and higher tax collection in the first half of the year to minimize fiscal pressures. Debt issuance in 2021 is now projected at only 81.4 percent of the originally budgeted IDR 1,170 trillion.	•	•	•
July 19	•	• Increased the budget for pre-employment card program that provides training and subsidies for the unemployed from IDR 20 trillion to IDR 30 trillion, which will allow the program to expand its coverage from the current 5.5 million recipients to 8.4 million recipients.	•	•	•
July 21	•	• Extended the electricity relief scheme by six months to December 2021, to ease the burden of consumers and businesses who have been affected by the public activity restrictions, or PPKM Emergency.	•	•	• Extended public activity restrictions, known as PPKM Emergency, until July 25, 2021.
July 22	<ul style="list-style-type: none"> Kept the key policy rate, the 7-day reverse repo rate (BI7DRR) rate, unchanged at 3.50 percent. Maintained the policy to stabilize the rupiah exchange rate in line with its fundamental and market mechanisms. Continued the policy synergy with relevant government agencies to ensure financial system stability and boost credit financing to businesses in priority sectors, including MSMEs. Committed to maintain the accommodative policy mix, including continued purchase of government bonds in the primary market to support budget financing. 	• Raised the total budget for the National Economic Recovery Program (PEN) in 2021 from IDR 699 trillion (equivalent to 4 percent of GDP) to IDR 745 trillion (equivalent to 4.2 percent of GDP) to ramp up social protection programs and healthcare spending, in light of the latest wave of COVID-19 infections.	•	•	•
July 23	•	• Announced a wage subsidy program of IDR 500,000 per month, of up to two months for workers/employees with monthly salaries of less than IDR 3.5 million and affected by the latest public activity restrictions (previously known as PPKM Emergency, and now as PPKM Level 4).	•	•	•
July 26	•	• Allowed deferment of tax payments of up to 90 days for tobacco factories.	•	•	• Extended public activity restrictions (previously known as PPKM Emergency, or now as PPKM Level 4) by one week from July 26–August 2, 2021; while adjustments are made to regulations related to the operation of people-based business activities under a strict implementation of health protocols.
August 2	•	•	•	•	• Extended the Public Activity Restriction Level 4, or PPKM Level 4, by one more week to August 9, 2021.

Indonesia

Date	Measure				
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
					<ul style="list-style-type: none"> Extended the Public Activity Restrictions Level 4 or PPKM Level 4 in Java and Bali islands until August 16, 2021, and outside Java and Bali islands until August 23, 2021, but will ease the restriction in a number of areas. In particular, malls will reopen at 25 per cent capacity for vaccinated people, except for children and the elderly, and people must show their vaccination proof using a digital application. People's vaccination status will determine which health protocols they must adhere to in sectors like tourism and education.
August 11		<ul style="list-style-type: none"> Extended the temporary tax incentive for new home purchases until the end of the year, in an effort to buoy the property and construction sectors amid the prolonged pandemic. The new regulation waives value added tax (VAT) for properties priced less than IDR 2 billion, while slashing VAT by half for homes priced between IDR 2 billion and IDR 5 billion. Aside from extending the period of the tax incentive, the new regulation also expands the incentive's scope to include dual-purpose properties, namely Ruko (shop-houses) and Rukan (office-houses). 			
August 16		<ul style="list-style-type: none"> Proposed budget spending of IDR 2,710 trillion (equivalent to about 15.9 percent of GDP) in 2022. This amount is slightly higher than the budget outlook in 2021 (of IDR 2,697 trillion), with sustained healthcare spending and social assistance, and substantial infrastructure spending. The budget deficit was projected to moderate to IDR 868 trillion, or 4.9 percent of GDP in 2022, compared to a revised projection of IDR 962 trillion, or 5.8 percent of GDP in 2021, as the government claimed to be on track to bring the deficit down to under 3 percent in 2023. 			
August 19	<ul style="list-style-type: none"> Kept key policy rate, the 7-day reverse repo rate (BI7DRR) rate, unchanged at 3.50 percent. Committed to maintain the accommodative policy mix, including continued purchase of government bonds in the primary market to support budget financing. Implemented the Macroprudential Inclusive Financing Ratio (RPIM) policy to boost MSME financing to 20 percent by 2022, 25 percent by 2023, and 30 percent by 2024. In a follow up, Bank Indonesia issued a regulation (Regulation 23/13/PBI/2021) in which MSME financing is expanded to include not only MSME loans but also bank financing provided to MSMEs' supply chains and low income earners, as well as loans channeled via other banks or non-bank financial firms (fintech), and purchase of securities issued for inclusive financing purposes. 				
August 23		<ul style="list-style-type: none"> Announced "burden sharing" scheme for 2021–22 in which the government would 			<ul style="list-style-type: none"> Eased the Public Activity Restrictions or PPKM from Level 4 to Level 3 in a number

Indonesia

		issue bonds worth of IDR 215 trillion (equivalent to 1.3 percent of GDP) and IDR 224 trillion (equivalent to 1.3 percent of GDP) in 2021 and 2022, respectively, via private placement at Bank Indonesia at below market rates, to finance increased spending on healthcare due to the Delta variant outbreak. Bank Indonesia will also remit the interest income on the bonds issued to cover the increased healthcare spending, i.e. IDR 58 trillion in 2021 and IDR 40 trillion in 2022. No fiscal implication is expected from the burden sharing scheme as the government will re-allocate other budget spending to increased healthcare spending and social assistance.			of areas in Java island, including Jakarta, as restaurants and places of worship are allowed to operate at 25 per cent capacity and shopping malls at 50 per cent.
August 27	•	•	•	•	• Authorized the use of Sputnik-V, the COVID-19 vaccine developed by the Gamaleya National Center of Epidemiology and Microbiology in Russia.
August 30	•	•	•	•	• Eased the Public Activity Restrictions Level 3, or PPKM Level 3, in Greater Jakarta, Greater Bandung, and Greater Surabaya from August 31–September 6, 2021. During the extension period, the dine-in capacity at restaurants will be increased to 50 percent from the current 25 percent, and operating hours will be extended from 8 p.m. to 9 p.m. Schools are also re-opened in Jakarta.
August 31	•	•	•	• Extended the timeline for banks to restructure loans under relaxed criteria by one more year, from March 31, 2022 to March 31, 2023.	•
September 3	•	•	•	•	• Set a target of administering about 2.3 million doses of COVID-19 vaccines a day in September 2021, from about 1 million doses a day previously.
	•	•	•	•	• Eased the Public Activity Restrictions further in more cities in Java. The government will allow dine-in time at restaurants to 60 minutes from 30 minutes currently, and will open more tourism spots. • Extended the Public Activity Restrictions Level 4 in Bali until September 13, 2021.
September 14	•	•	•	•	• Eased the Public Activity Restrictions Level 4 in Bali, with tourist spots in most parts of the island being allowed to accept (domestic) visitors.
September 17	•	• Extended the luxury sale tax exemptions and reductions on the sales of sedans and two-wheel drive cars with engine capacity under 1,500cc from August 2021 previously to December 2021.	•	•	• Allowed foreigners with valid Indonesian visas and stay permits to re-enter the country, reversing the previous ban on non-essential visits at the height of the Delta variant outbreak. This change also applies to international ship and airline crew members transiting in the country.
September 21	• Kept the key policy rate, the 7-day reverse repo rate (BI7DRR), unchanged at 3.50 percent. • Committed to maintain the accommodative policy mix, including the purchase of government bonds in the primary market to support budget financing.	•	•	•	•

					rising infection rates due to the Omicron variant. Under PPKM Level 3, markets and supermarkets can open at 60 percent of capacity, compared to 75 percent of capacity under PPKM Level 2. Entertainment and sport activities and weddings are now capped at 25 percent of capacity, instead of 50 percent previously.
February 10	<ul style="list-style-type: none"> Kept key policy rate, the 7-day reverse repo rate (BI7DRR) rate, unchanged at 3.50 percent. Re-affirmed the plan to reduce excess liquidity in the system with a schedule to increase the Rupiah Statutory Reserve Requirement (SRR) from 3.5 percent currently to 6.5 percent between March–September 2022. 	•	•	•	•
February 15	•	•	•	•	• Announced plan to reduce the quarantine period for overseas travelers from five days currently to three days, effective from March 2022.
February 16	•	•	•	•	• Began tentative re-opening to foreign tourists to Bali, following a limited re-opening trial launched in October 2021.
March 8	•	•	•	•	• Removed the antigen and polymerase chain reaction, or PCR, test requirement for domestic travel. Under the new policy, people who have received a full dose of vaccines against COVID-19 would no longer need to show negative antigen or PCR test results before travel.
March 9	•	•	•	•	• Relaxed restrictions in the metropolitan agglomeration areas of Jakarta and Surabaya and a number of regencies and cities across the archipelago to the public activity restriction (PPKM) Level 2. Under PPKM Level 2, maximum office capacity is increased for nonessential businesses from 50 percent to 75 percent, and from 75 percent to 100 percent for essential businesses. Meanwhile, office capacity for critical sectors remains unchanged at 100 percent.
March 17	<ul style="list-style-type: none"> Kept key policy rate, the 7-day reverse repo rate (BI7DRR) rate, unchanged at 3.50 percent. Started implementing the plan to reduce excess liquidity in the system by increasing the Rupiah Statutory Reserve Requirement (SRR) from 3.5 percent previously to 5.0 percent in March 2022. According to the plan, the SRR will be raised to 6.5 percent by September 2022. 	•	•	•	•
March 22	•	•	•	•	• Removed the quarantine requirement for fully vaccinated international visitors entering Indonesia, who are now required to undertake only entry PCR tests.
March 24	•	•	•	•	• Announced plan to lift the ban on domestic travel during the Muslim holiday season of Eid al-Fitr in early May 2022, after banning this annual tradition for the past two years because of the COVID-19 pandemic.

Indonesia

					Kanagawa, and Saitama), effective through February 7, 2021.
January 13	•	•	•	•	• Expanded the state of emergency to Osaka, Kyoto, Hyogo, Aichi, Gifu, Tochigi, and Fukuoka, making the order effective in 11 of 47 prefectures.
January 15	•	• Announced use of JPY 741.8 billion in reserve funds for FY2020, to increase subsidies for restaurants and bars cutting business hours following the state of emergency.	•	•	•
January 28	•	• Approved the third supplementary budget for FY2020, totaling JPY 19.2 trillion, to strengthen measures to combat the COVID-19 pandemic.	•	•	•
February 3	•	•	•	•	• Extended the state of emergency for Tokyo and 10 prefectures including Osaka, Aichi and Fukuoka by 1 month, to March 7.
February 9	•	• Approved disbursement of JPY 1.14 trillion from reserve funds for FY2020, mainly to increase subsidies for COVID-19-hit sectors. The funding includes JPY 880.2 billion to be given to local municipalities so that they can offer financial aid of up to 60,000 yen per day in state subsidies to restaurants and bars that comply with requests to close early.	•	•	•
February 26	•	•	•	•	• Announced to lift a state of emergency in 6 prefectures, including Osaka, Hyogo, Kyoto, Aichi, Gifu and Fukuoka starting March 1, ahead of its scheduled end on March 7.
March 18	•	•	•	•	• Announced formal end to the state of emergency in the Tokyo region on March 21, 2021 as planned.
March 19	• Decided at a regular Monetary Policy Meeting to keep policy rates where they are; to enhance the policy effectiveness and sustainability of prolonged easing, the BOJ clarified the long-term interest rate target range as 25 basis points around zero percent, scrapping the ETF buying target. In addition, the BOJ left some room to deepen negative rates by introducing a new interest scheme to offer incentives to financial institutions.	•	•	•	•
March 30	•	•	•	•	• [Tokyo Metropolitan] Announced taking court procedures under a recently revised law to impose fines on restaurants that fail to follow an early closure order issued to combat the COVID-19 virus.
April 5	•	•	•	•	• [Osaka, Hyogo and Miyagi prefectures] Adopted stronger, quasi-emergency measures against COVID-19, including early closures of restaurants and bars, effective one month until May 5, 2021.
April 12	•	•	•	•	• [Tokyo, Kyoto and Okinawa prefectures] Announced adoption of quasi-emergency measures through May 5, 2021 for Kyoto and Okinawa, and May 11, 2021 for Tokyo.

Japan

August 16	•	•	•	•	• Raised social distancing in Seoul and its neighboring areas by one notch, to Level 2, for two weeks.
August 20	•	•	•	•	• Temporarily halted the discount coupon program aimed at promoting domestic travel in light of the resurgence of COVID-19 clusters. The program may be resumed after the virus outbreak is under control.
August 23	•	•	•	•	• Raised nationwide social distancing to Level 2.
August 25	•	•	•	•	• Resumed online classes for schools and kindergartens in Seoul, Incheon and Gyeonggi Province until September 11.
August 27	• Kept the base unchanged rate at 0.5 percent	•	•	• Extended lower LCR requirements for banks to end-March 2021, from initial deadline of end-September 2020.	•
August 31	•	•	•	•	• Retained social distancing requirements at Level 2. Restaurants and bakeries in the greater Seoul area can operate until 9 p.m., and only takeaways and deliveries will be permitted from 9 p.m. to 5 a.m.. For franchise coffee chains, only takeaways or deliveries will be permitted regardless of operating hours. Indoor sports facilities, such as fitness centers and billiard halls, are also advised to suspend their operations, while toughened virus prevention measures are also enforced at cram schools and elderly care centers. These measures are altogether perceived as the social distancing restriction Level 2.5.
September 7	•	•	•	•	• Extended the strengthened social distancing guidelines in Seoul, Gyeonggi Province and Incheon. Besides regulations under the guidelines, eat-in services at franchise bakeries and ice cream shops are prohibited.
September 14	•	•	•	•	• Eased the level of social distancing restrictions Level 2 rules from Level 2.5 measures implemented for the past two weeks. Franchise coffee chains, bakeries and ice cream parlors were previously permitted to offer only takeaways and deliveries. Those facilities are now permitted to operate normally, but they must strictly manage entry logs of customers and maintain other sanitation measures. A ban on operations is also lifted for midsize cram schools and indoor sports facilities under strict quarantine steps.
September 15	•	• Announced additional KRW 2.5 trillion of lending support through preferential credit loans and expanded P-CBO issuance available to SMEs, small merchants, and virus-slackening sectors	•	•	•
September 21	•	•	•	•	• Allowed all schools in Seoul and its adjacent cities to resume in-person classes.
September 23	•	• Approved the fourth supplementary budget worth KRW 7.81 trillion (0.4 percent of	•	• Announced additional KRW 1.5 trillion of special guarantees for SMEs suffering from	•

					submitted from August 10 for travel starting on August 17.
July 29	•	•	• Extended the six-month loan moratorium for another three months (October–December) to individuals who have lost their jobs in 2020 and have yet to find new employment. Those who had salary pay cuts would be offered reduced loan installments in line with their new salaries for a period of at least six months. Banks have also committed to provide repayment flexibility to other individuals and all SME borrowers affected by COVID-19.	•	•
August 1	•	•	•	•	• Made mask-wearing mandatory in crowded places and on public transport.
August 12	•	•	• [Securities Commission] raised gearing limit for real estate investment trusts (REITs) from 50 percent to 60 percent with immediate effect until 2022, to allow greater cash flow flexibility and managers' efficient management of REIT debt and capital structures.	•	•
August 17	•	•	•	•	• Resumed cross-border travel between Malaysia and Singapore via the Reciprocal Green Lane (for essential business and official purposes only) and the Periodic Commuting Arrangement (for visitors holding a long-term pass in the other country for work or business purposes).
August 28	•	•	•	•	• Announced the extension of the RMCO until December 31. The ban on foreign tourists remain.
September 3	•	•	•	•	• Imposed entry ban on 23 countries with over 150,000 COVID-19 cases.
September 10	• Maintained policy rate at 1.75 percent.	•	•	•	• Relaxed entry ban on visit pass-holders from 23 countries.
September 23	•	• Announced additional economic stimulus worth MYR 10 billion (0.7 percent of GDP), comprising of cash assistance to low- to middle-income households and individuals, wage subsidies, and grants to small businesses.	•	•	•
September 28	•	•	•	• Extended temporary margin flexibilities until year-end, from September 30 previously. During the interim period, brokers can continue to exercise discretion whether to impose force selling measures on clients, and accept other types of collateral from investors such as bonds, unit trusts, gold and immovable properties for purposes of margin financing. Previously, brokers were required to automatically liquidate their clients' margin accounts if the equity values in those accounts fall below 130 per cent of their respective outstanding balances.	• Imposed enhanced MCO in four districts in Sabah from September 29–October 12; enhanced MCO (EMCO) means entry and exit into those areas are restricted and all businesses except for essential services are shut.
September 29	•	•	•	•	• [Sarawak] Tightened travel conditions for those intending to enter the state, following the rise in COVID-19 cases in neighboring Sabah.
October 1	•	•	•	•	• [Sarawak] Imposed stricter travel measures by prohibiting Malaysians and non-citizens

					in Sabah and Labuan from entering Sarawak from October 4–18, 2020.
October 6	•	•	•	•	• Banned interstate travel to and from Sabah from October 7–20, 2020.
October 8	•	•	•	•	• Closed schools in Klang Valley and other red zones from October 9–23, 2020.
October 12	•	•	•	•	• Introduced conditional MCO (CMCO) in Klang Valley (Kuala Lumpur, Putrajaya, and Selangor) and Sabah from October 14–27, 2020, as certain localities around Malaysia were under an enhanced MCO (EMCO).
October 15	•	•	•	•	• Introduced CMCO in Labuan from October 17–30, 2020.
October 21	•	•	•	•	• Ordered more than 750,000 employees in management and supervisory staff in Klang Valley, Sabah and Labuan to work from home from October 22, 2020 while the CMCO is in place.
October 24	•	•	•	•	• Extended CMCO in Sabah for two weeks from October 27–November 9, 2020.
October 26	•	•	•	•	• Extended CMCO in Klang Valley for two weeks from October 27–November 9, 2020. CMCO is also introduced in Nilai, Negeri Sembilan from October 28–November 10, 2020.
October 28	•	•	•	•	• Extended CMCO in Labuan for two weeks from October 31–November 13, 2020.
November 3	• Maintained policy rate at 1.75 percent.	•	•	•	•
November 6	•	• Tabled 2021 Budget and announced that some of the economic stimulus measures (under the dedicated COVID-19 Fund) will be extended through 2021. Other off-budget measures have also been extended through 2021, such as the targeted loan repayment schemes for lower-income groups and micro-enterprises, and greater access to pension savings at the EPF.	•	•	•
November 7	•	•	•	•	• Reinstated CMCO in all states in Peninsular Malaysia, except for Kelantan, Pahang, and Perlis, from November 9 to December 6, 2020. • Extended CMCO in Kuala Lumpur, Putrajaya, Sabah, and Selangor, which was supposed to end on November 9, to December 6.
November 13	•	•	•	•	• Extended CMCO in Labuan, which was supposed to end on November 13, to December 6.
November 20	•	•	•	•	• Lifted CMCO in Johor, Kedah, Melaka, and Terengganu from November 21. • Imposed CMCO in Kelantan from November 21 to December 6.
December 5	•	•	•	•	• Extended CMCO in Kuala Lumpur, Sabah, most districts of Selangor, and parts of Johor, Kedah, Kelantan, Negeri Sembilan, Penang, and Perak, by two weeks from December 7–20, 2020. • Announced lifting of CMCO in Labuan and Putrajaya, and most parts of Kelantan, Penang, Perak, and Negeri Sembilan, and

January 15	•	•	•	•	• Announced imposition of MCO in Kelantan from January 16–26, 2021.
January 18	•	• Rolled out an additional relief package amounting to MYR 15 billion, bringing the total COVID-19 economic package to MYR 320 billion. A direct fiscal injection, according to reports quoting the Finance Minister, of MYR 6.6 billion will cover the procurement of COVID-19 vaccines, expand the wage subsidy program, and provide cash assistance to frontliners, among others.	•	•	•
January 19	•	•	•	•	• Expanded the MCO to the states of Kedah, Perak, Negeri Sembilan, Pahang, Terengganu, and Perlis from January 22–February 4, 2021, effectively placing all of Malaysia, except for the state of Sarawak, under MCO.
January 20	• Extended the flexibility for banking institutions to use Malaysian Government Securities (MGS) and Malaysian Government Investment Issues (MGII) to meet the statutory reserve requirement compliance until December 31, 2022, from the previous end date of May 31, 2021. • Maintained policy rate at 1.75 percent.	•	•	•	•
January 22	•	•	•	•	• Extended the MCO on the 6 states (Melaka, Johor, Penang, Sabah, Selangor, and Kelantan) and the federal territories (Kuala Lumpur, Putrajaya and Labuan) until February 4, 2021.
February 2	•	•	•	•	• Extended the MCO on all states, except Sarawak, until February 18, 2021.
February 3	•	•	•	•	• Announced that most businesses would reopen during the MCO extension from February 5, 2021. Retail and wholesale businesses and car wash services are among those to end three weeks of closure.
February 5	• Doubled the Targeted Relief and Recovery Facility (TRRF) to MYR 4 billion from the initial MYR 2 billion allocation that was announced in November 2020, during the tabling of the 2021 Budget. The TRRF will be channeled through banks and will be available to SMEs affected by the pandemic until end-2021, or until the facility is fully utilized.	•	•	•	•
February 7	•	•	•	•	• Allowed gatherings of up to 15 individuals within a 10 km radius from their homes for Lunar New Year reunion dinners. A maximum of 30 individuals at any given time are also allowed at temples for prayers on February 11, 12, and 19, 2021.
February 9	•	•	•	•	• Announced easing of curbs on more businesses starting February 10, 2021. Restaurants will be allowed to accept dine-in patrons, while some sectors of the creative industry may reopen.
February 11	•	•	•	•	• Announced resumption of non-contact sporting activities, such as tennis singles and badminton singles, and recreational

					fishing; and the reopening of gyms, motor race tracks, and golf courses, as well as driving schools and aviation centers. New rules to come into effect on February 12, 2021.
February 16	•	•	•	•	<ul style="list-style-type: none"> Extended MCO in Kuala Lumpur, Penang, Selangor, and Johor until March 4, 2021. Perlis and Sarawak will be under Recovery MCO, while remaining states will be placed under CMCO from February 19– March 4, 2021. Lifted the 10 km radius travel limit, but the interstate and inter-district travel ban remains in place.
February 17	•	•	<ul style="list-style-type: none"> Allowed companies more time to prepare their financial statements and put in place regularization plans. An automatic one-month extension is given to listed companies for the issuance of quarterly, semi-annual, and annual reports which are due within February 28–April 30, 2021. Also, a 12-month relief period is given to listed issuers that report, between January 1–June 30, 2021, unsatisfactory financial conditions and inadequate levels of operations. 	•	•
February 19	•	•	•	•	<ul style="list-style-type: none"> Relaxed restrictions in MCO, CMCO, and RMCO zones. Book stores, car boot sales can operate in all MCO, CMCO and RMCO zones. Tourism activities including zoos, theme parks and recreational parks in CMCO and RMCO zones allowed to operate at 50 percent capacity. Official, non-official government functions, social events allowed in RMCO areas; as for CMCO zones, at 50% capacity of premises. Seminars, workshops, courses, conferences, talks allowed at 50% premises capacity, but not allowed in MCO areas. Preschoolers, primary students return to classrooms in March, secondary pupils in April.
February 22	•	•	<ul style="list-style-type: none"> [Securities Commission and Bursa Malaysia] Extended suspension on intraday short-selling (IDSS) and intra-day short-selling by proprietary day traders (PDT short sale) due to expire on February 28, 2021, to August 29, 2021. 	•	•
March 2	•	•	•	•	<ul style="list-style-type: none"> Allowed inter-district travel in all states except Sabah from March 5, 2021. , Johor, Kuala Lumpur, Penang, Selangor, which were operating under MCO, will change to CMCO, a more relaxed form of curbs. Kedah, Kelantan, Negeri Sembilan, Perak, Sarawak will remain under CMCO. Labuan, Melaka, Pahang, Putrajaya, Sabah, Terengganu will join Perlis under the Recovery MCO (RMCO), the most relaxed form of the curbs. New status will be from March 5–March 18, 2021, with the exception of Sarawak, where it will last until March 15, 2021. All events such as weddings, meetings will be allowed,

		savings withdrawal facility, and a guarantee scheme for SMEs.			
July 1	•	•	•	•	• Placed several parts of Selangor and Kuala Lumpur under tightened movement restrictions, called Enhanced Movement Control Order (EMCO), from July 3–16, 2021 to curb rising infections. Under EMCO, residents living in affected areas cannot leave their homes after 8 p.m., while only one person per household is allowed to run errands. Factories manufacturing food and daily essential items are allowed to operate, while all restaurants, food courts, shops, and street vendors can only open from 8 a.m.–8 p.m.
July 3	•	•	•	•	• Eased lockdown restrictions in five Malaysian states after meeting the threshold limits in reducing COVID-19 infections. Kelantan, Terengganu, Pahang, Perak, and Perlis will transition into the second phase of the National Recovery Plan (NRP) on July 5, 2021, where more economic sectors are allowed to operate at 80 percent capacity.
July 5	•	•	•	•	• Moved Penang into the second phase of the NRP on July 7, 2021 after meeting the threshold limits in reducing COVID-19 infections.
July 12	•	•	•	•	• Moved Sarawak into the second phase of the NRP on July 14, 2021.
July 15	•	•	•	•	• Announced lifting of the EMCO in affected areas of Kuala Lumpur from June 17, 2021. Accordingly, Kuala Lumpur will transition into full MCO under Phase One of the NRP.
July 16	•	•	•	•	• Announced lifting of the EMCO in affected areas of Selangor from June 17, 2021. Accordingly, Selangor will transition into full MCO under Phase One of the NRP.
July 20	•	•	•	•	• Placed certain areas in Sabah and Sarawak under EMCO from July 22–August 4, 2021.
July 23	•	•	•	•	• Placed more areas in Sabah and Sarawak, and in Kuala Lumpur, under EMCO from July 25–August 7, 2021
July 27	•	•	•	•	• Placed certain areas in Johor, Kelantan, Pahang, Sabah, and Sarawak under EMCO from July 29–August 11, 2021.
August 2	•	•	•	•	• Moved Labuan, Perlis, and Sarawak to Phase 3 of the NRP.
August 8	•	•	•	•	• Eased some movement restrictions for fully vaccinated individuals from August 10, 2021. Measures include home quarantine for fully-vaccinated Malaysians and Permanent Residents (PR) returning from overseas; interstate travel for long-distance married couples to visit each other and parents to be able to visit their children under 18 years old around the country. Fully vaccinated individuals will also be allowed to enter mosques and other places of worship.

April 20	•	• [BSP Monetary Board] Approved USD 2.38 billion funding for National Government development projects and programs in Q1 2020.	• Extended deadlines for tax amnesty, all tax returns following Enhanced Community Quarantine (ECQ) extension.	•	•
April 22	•	•	• [BSP] encouraged shift to e-payments during quarantine.	•	•
April 23	•	•	•	• Eased rules on asset cover requirements of Expanded Foreign Currency Deposit Unit (EFCDU)/FCDU. Under the new rules, banks shall be allowed to offset any deficiency in the asset cover incurred on one or more days of the week with the excess cover that they may hold on other days of the same week and the immediately succeeding week.	•
April 24	•	• Signed loan accord of USD 1.5 billion with ADB. The first USD 500 million will be disbursed in US dollars amounting to USD 250 million, and the euro equivalent of the other half of the amount. This portion of the loan is payable in 10 years inclusive of a three-year grace period. The remaining USD 1 billion will also be divided equally into the US dollar and euro equivalents of the amount. This amount is payable in five years inclusive of a three-year grace period.	•	•	• Philippines extends lockdown to May 15, 2020.
April 28	•	• Raised USD 2.35 billion from sale of dollar-denominated offshore bonds.	• Waived fees for BSFIs to offer digital financial services.	•	•
April 29	•	• Signed a USD 100 million loan accord for COVID-19 Emergency Response Project with the World Bank. • Borrowed USD 200 million for COVID-19 response from the ADB.	•	•	•
May 4	•	• Extended deadlines for tax amnesty, all tax returns, following the Enhanced Community Quarantine extension to May 15	•	•	•
May 5	•	•	•	• Temporarily reduced the credit risk weights of loans granted to MSMEs that are current in status. • Assigned a lower risk weight for MSME exposures that are covered by guarantees. • Deferred the implementation of the revised risk-based capital framework applicable to stand-alone thrift banks, rural banks and cooperative banks. • Allowed covered banks and quasi-banks to utilize the capital conservation buffer and Liquidity Coverage Ratio buffer during state of health emergency.	•
May 12	•	•	•	•	• Extended the lockdown to May 31, but eased some of the restrictions to revive the economy.
May 26	•	• [ADB] Approved a USD 400 million policy-based loan.	•	•	•
May 29	•	• [AIIB] Extended a USD 750 million loan for COVID-19 response • (World Bank) approved USD 500 million loan for COVID-19.	•	• Further eased rules on banks' Reserve Requirement. BSP will begin to count peso loans extended to bigger companies facing financial strains due to the pandemic as compliance with banks' reserve	• Announced downgrade of Metropolitan Manila to a "general community quarantine" in June from the current "enhanced" quarantine.

April 23		<ul style="list-style-type: none"> Announced issuance of THB 70 billion worth of promissory notes to fund the THB 5000 cash handout in the second month. This is part of the borrowing plan of THB 600bn this fiscal year and THB 400bn next FY in the 3rd stimulus package announced April 7, 2020. At least 80 percent of the total borrowing will be from the domestic market. Loans from the World Bank and ADB will also be considered if terms are appropriate. Overall, public debt will rise to 51.9 percent of GDP in 2020 FY and 58 percent of GDP in FY2021. 	<ul style="list-style-type: none"> [Board of Investment] Extended deadline for corporate income tax application, launched online submission of documents, and offered online meetings to answer queries. 		
April 27					<ul style="list-style-type: none"> Extended Emergency Decree until May 31, 2020. This means 10 p.m.–4 a.m. curfew, no social gatherings and limited inter-provincial travel. (Civil aviation authorities) extended incoming flights ban for 1 more month until May 31, 2020; exceptions made for medical and relief aid, repatriations and cargo. Announced resumption of domestic flights through Suvarnabhumi Airport from May 1, 2020. (Thai immigration) granted automatic extension of stay for foreigners holding visas for 3 months until end-July 2020.
April 28		<ul style="list-style-type: none"> Announced that it is considering THB 5,000 handout to farmers for 3 months (part of 3rd stimulus announced April 7, 2020). 			<ul style="list-style-type: none"> Announced that some essential businesses with low transmission risks may reopen from May 4, 2020, with hygiene standards, which excludes entertainment venues and crowds. Thus, Bangkok may reopen restaurants, markets, exercise venues, hairdressers, etc., with protocols (1.5 meters apart, face masks, temperature checks, hand sanitizers). Government expects new rise in cases following easing of lockdown, but the increase is not expected to be sharp and the government may then strengthen measures again. Anticipated increased testing, particularly among high-risk groups. Announced that four May public holidays (Labour Day, etc.) will continue as usual, but that authorities will strictly enforce public health measures. Announced that the government plans to make its own Favipiravir, a COVID-19 antiviral patent which has expired.
April 29		<ul style="list-style-type: none"> Approved cash handout of THB 5,000 for 3 months to <u>10 million farming households</u>, as part of the third stimulus announced on April 7, 2020. This is separate from the earlier-approved THB 5000 3-month cash handout to <u>self-employed, laid-off workers not part of the Social Security Fund, and temporary workers, which will be given to an estimated 16 million applicants</u>. Another group is 11 million laid-off workers who are part of the Security Fund. For cash aid to this group, no central government budget is necessary, as money for this fund has already been funded through the years.

					relaxation measures. The list could include cinemas, bowling, skating, karaoke, zoos, massage, fitness centers and even boxing stadiums with safety measures. However, pubs, bars, and night entertainment may remain closed. Reducing curfew hours further by 1 hour is also being considered.
May 28	•	•	•	•	<ul style="list-style-type: none"> Proposed shortening curfew from 11p.m. to 3 a.m. (from 11 p.m.–4 a.m.), and extending mall hours to 9 p.m. (currently 8 p.m.). Relaxation may cover massage parlors, cinemas, zoos, meeting venues. High risk activities like boxing stadiums, pubs and amusement parks may remain closed. Decision will go to COVID committee then to Cabinet. Announced that Thailand is likely to end state of emergency on June 30. Lockdown may completely end on July 1, including end of curfew, and allowing interprovincial and international travel.
May 29	•	•	•	•	<ul style="list-style-type: none"> Announced Phase 3 easing will start on Monday, June 1. Curfew hours shortened to 11 p.m.–3 a.m.. Mall hours extended until 9 p.m.. School buildings can reopen for short training sessions and admission exams, not for normal classes. Convention venues limited to 20,000 square meters can open until 9 p.m.. Health oriented massage and fitness clubs can reopen but saunas still closed. Sports stadia, non-players capped at 10. Cinemas can reopen but 3 seats apart (2 people for adjacent seats allowed) and front and back seats positioned diagonally. Masks should be worn at all times, so no food and drinks allowed. Announced conduct of 100,000 tests on high risk groups (health workers and public transport drivers) and people living in crowded areas.
June 1	•	• [Parliament] approved the 3 executive decrees previously announced. They include THB 1 trillion in borrowing and BOT measures to stabilize financial markets.	•	•	•
June 2	•	• Announced 90 percent reduction in land and buildings tax for the fiscal year, with the deadline for payments moved to August from April. (approved by Cabinet June 4; Royal Decree went into force 10 June)	•	•	•
June 12	•	•	•	•	<ul style="list-style-type: none"> Announced 4th phase of easing, effective June 15. Curfew will be lifted. About 95 percent of businesses and activities will be allowed to reopen, including conventions and seminars, water parks and amusement parks, massage parlors, group exercise in parks, liquor sales in restaurants and hotels, etc. However, bars, pubs, karaokes, and other entertainment businesses remain closed.

Date	Measure				
	Monetary Policy/Operations	Fiscal Policy	Private Sector	Regulatory Forbearance	Containment
September 21	•	• [The House of Representatives] Approved the FY2021 budget bill, which starts in October 2021. Subsequent approval by the Senate and endorsement by the King are required to pass the bill into a law.	•	•	•
September 22	•	•	•	•	• [The provincial governor] Ordered the Phra Chedi Sam Ong border checkpoint near Myanmar to close until October 5.
September 23	• Kept the record-low policy rate of 0.50 percent unchanged.	•	•	•	•
September 28	•	•	•	•	• Extended state of emergency for another month, until end-October.
September 30	•	• Approved: (1) THB 21 billion cash handouts—THB 500 monthly handouts for three months (October to December) to 14 million low income earners; and (2) THB 30 billion subsidies for consumption expenditure for 10 million people, a 50-50 co-pay system where consumers will pay 50 percent of the expenditure and the government will subsidize the 50 percent price discount; each consumer can spend up to THB 100 per day or THB 3,000 per month. [This program is part of the implementation of the third stimulus package.]	•	•	• Permitted foreign citizens unable to return to home countries to stay in Thailand until October 31, after which the foreigners would need to apply for extension of stay.
October 1	•	•	• [Stock Exchange of Thailand (SET)] Resumed normal short selling, and ceiling and floor rules, as stock market volatility normalize (on March 18, the SET revised the circuit breaker and ceiling and floor rules in order to address stock market volatility).	• [Energy Regulatory Commission] Extended until December 31, 2020 the policy to charge medium and large firms based on actual usage of electricity, instead of the pricier "minimum charge" rate of at least 70 percent of 12-month average electricity usage.	•
October 5	•	•	•	•	• Extended closure of border pass in district near Myanmar until October 19, 2020.
October 12	•	• Approved tax deduction scheme of up to THB 30,000 for buying goods and services subject to VAT from October 23–December 31, 2020. Certain goods and services are excluded from the scheme, including tobacco, alcoholic beverages, hotel, flight tickets and travel costs. About 4 million individuals are expected to participate, which will result in THB 12 billion foregone state revenue. [This program is part of the implementation of the third stimulus package.]	•	•	• Agreed to manufacture and supply AstraZeneca vaccine for Thailand and other countries in the region.
October 16	•	•	•	• Decided not to extend the 6-month broad-based debt moratorium that started in April 23, 2020 when it ends on October 22, 2020. Instead, a more targeted SME debt relief measure will be adopted, to prevent moral hazard and lessen risks to financial stability. Banks will consider adjusting debt-service obligations on a case-to-case basis: SMEs that can repay their loans are advised to continue doing so normally; SMEs that can only partially resume operations will be subjected to debt restructuring; those that are unable to repay can avail themselves of debt moratoria until June 2021.	•

		contribution for workers in the informal economy, as well as a relief package for private employees under Section 33 of the Act.			
February 15	•	• Approved THB 37.1 billion assistance for low-income earners.	•	•	•
February 16	•	•	• Greenlighted THB 50 billion low interest loan program for SMEs in tourism sector and informal workers.	•	•
February 17	•	•	•	•	• Announced that rich tourists under the villa quarantine program are set to arrive on February 21, 2021.
February 23	•	•	•	•	• Eased some COVID-19 prevention measures in Bangkok.
February 24	•	•	•	•	• Received first 200,000 vaccine doses from China, part of the 2 million doses ordered from Sinovac.
February 26	•	•	• [Bank of Agriculture and Agricultural Cooperatives] Set aside THB 100 billion subsidy and loan program for farmers.	•	•
February 27	•	•	•	•	• [Civil Aviation Authority of Thailand] Announced opening to transit by international passengers starting March 1, 2021.
February 28	•	•	•	•	• Provided first vaccine shots to health minister, few other ministers, and more than 300 health personnel and officials.
March 15	•	•	•	•	• [Bangkok Metropolitan Administration] Implemented active testing in several public markets in Bang Khae to help contain the COVID-19 infections in those markets. The vaccine rollout is planned for this district beginning March 16, 2021.
March 16	•	• Approved FY2022 fiscal deficit of THB 700 billion, 15 percent higher than FY2021. THB 3.1 trillion of expenditures are approved, while THB 2.4 trillion of revenues are estimated, for FY2022.	• [Government Savings Bank, a state-owned bank] Initiated relief plan (e.g., suspension of payment of principal and part interest) in order to help prevent existing debts from turning into nonperforming loans.	•	•
March 19	•	•	•	•	• [Centre for COVID-19 Situation Administration] Decided to gradually relax entry rules starting April 1, 2021. From April 1–September 30, instead of a 14-day quarantine, arrivals with vaccine certification (VC) or COVID-19 free certification (CFC) will be quarantined for only 7 days, while those without VC of CFC will be quarantined for 10 days, except for those areas where the virus has mutated, in which case the quarantine period will remain 14 days. During such periods, those under quarantine will be allowed to go to the swimming pool, gym, outside exercise area, and controlled areas for cycling and shopping. From October 1, 2021, quarantine will only be imposed on arrivals from specific areas.
March 23	•	• Approved the extension of the We Travel Together stimulus scheme to its third phase to run from May–August 31 and cover an additional 2 million people (as part of the implementation of the third stimulus package).	•	•	•

June 25	•	•	• [The Bank of England] Pledged to work with the government on increasing equity investment in companies to help them recover from the COVID-19 pandemic.	•	•
July 8	•	• Announced GBP 30 billion of fresh measures to encourage companies to retain their employees into 2021 and extend jobs to youth as the furlough program eases out. The package also included specific measures to support the hospitality sector.	•	•	•
September 24	•	• Announced a six-month job support program (starting November 1, 2020 when the existing job retention scheme expires) to subsidize the wages of part-time workers; extended loans for firms hit by curbs; and cut VAT for hospitality and tourism by 15 percent.	•	•	•
September 29	•	• Announced a package of measures to support vocational education and retraining of employees.	•	•	•
October 1	• [Exit policy] Reached target (GBP 20 billion) for corporate bond purchase program and will not buy further until further notice.	•	•	•	•
October 9	•	• Expanded Jobs Support Scheme and will cover two thirds of the wages of staff in businesses that are forced to shut under local lockdown restrictions.	•	•	•
October 22	•	• Increased support for businesses to prevent job losses. Government contributions to wages are increased and the hours employees must work to qualify for pay support are reduced.	•	•	•
October 31	•	•	•	•	• Ordered a one-month stay-at-home policy for all of England starting November 5, 2020, with waivers for schools, universities and essential stores.
November 5	• Increased government bond-purchase target by GBP 150 billion to GBP 875 billion.	• Extended wage support for 80 percent of wages to employees until end- March 2021 and increased the upfront guarantee of funding for the devolved administrations to support workers and businesses in Scotland, Wales and Northern Ireland.	•	•	•
November 25	•	• Announced a non-health public sector workers pay freeze, while allowing increases to healthcare staff wages, in order to reduce fiscal burden.	•	•	•
December 7	• Extended the current assessment of systemic-risk buffer rates for banks by one year, to December 2022.	•	•	•	•
December 17	•	• Extended job support program by a month until April 2021. The plan pays 80 percent of furloughed worker's wages. • Extended the duration of its loan programs until March 2021, from January 2021 previously.	•	•	•
January 5, 2021	•	• Announced one-off top-up grants for retail, hospitality, and leisure businesses, worth up to GBP 9,000 per property. GBP 594	•	•	•

April 3	•	•	• Announced the Paycheck Protection Program which authorizes up to \$349 billion in forgivable loans to small businesses to pay their employees	•	•
April 9	•	•	• Announced multiple measures totaling USD 2.3 trillion to help the markets and the economy. The key measures include – A new Municipal Liquidity Facility (USD 500 billion) for loans to state and local governments. – Boost to Main Street Lending Program (USD 600 billion) in loans and USD 75 billion in funding from the Treasury Department via the fiscal stimulus. – Expanding three other loan facilities amounting to USD 850 billion, for consumers and businesses.	•	•
April 23	•	• Passed a USD 484 billion relief package for small businesses, hospitals and a national COVID-19 testing strategy. The package provides USD 320 billion to help small businesses keep employees on their payrolls.	•	•	•
April 27	•	•	• Revised lower population thresholds for local governments to qualify for the Municipal Liquidity Facility and extended the facility to December 31, 2020.	•	•
June 3	•	•	• Expanded Municipal Liquidity Facility to include smaller states and gave them the option to designate the largest city and/or county (depending on the state's size) to be eligible for the program, irrespective of the population.	•	•
June 9	•	•	• Expanded Main Street Lending Program making it accessible to a larger group of companies, larger range of borrowing amounts, longer repayment periods and the proportion of loans (extended to highly indebted companies) it will buy from banks.	•	•
June 15	•	•	• Opened the Main Street Lending Program for registration by banks interested in participation in the program. • Started purchasing individual corporate bonds through the Secondary Market Corporate Credit Facility up to USD 250 billion. The Fed can also tap USD 25 billion in funding assistance from the Treasury Department as set aside by the CARES Act.	•	•
June 29	•	•	• Operationalized the Primary Market Corporate Credit Facility (PMCCF) to purchase USD 500 billion worth of bonds issued by select corporates in the primary market.	•	•
June 30	•	•	• [The Senate] Approved the extension of the Paycheck Protection Program for small businesses, which was due to expire on 30 June, to August 8. The House later approved the extension on July 1.	•	•
July 17	•	•	• Expanded Main Street Lending Program to provide greater access to credit for nonprofit organizations by easing some of	•	•

			its initial terms to allow smaller entities to participate in the program.		
July 23			<ul style="list-style-type: none"> Broadened the set of firms eligible to transact with and provide services in three emergency lending facilities i.e. the Term Asset-Backed Securities Loan Facility (TALF), the Commercial Paper Funding Facility (CPFF) and Secondary Market Corporate Credit Facility (SMCCF) to increase the operational capacity and insight into the respective markets 		
July 28	<ul style="list-style-type: none"> Extended US dollar liquidity swap lines and temporary repo facilities for foreign and international monetary authorities to March 31, 2021, to help sustain recent improvements in global US dollar funding markets by maintaining these important liquidity backstops. 				
August 7		<ul style="list-style-type: none"> [President Trump] Signed four executive orders related to COVID-19 economic relief through unemployment benefits (as previous unemployment benefits expired), a temporary payroll tax deferral, eviction protection and student-loan relief. 			
August 11	<ul style="list-style-type: none"> Reduced borrowing costs in the Municipal Liquidity Facility by 50 basis points. 				
October 30			<ul style="list-style-type: none"> Reduced the minimum loan amount of the Main Street Lending Program to USD 100,000 from USD 250,000, and also eased borrowing constraints for firms which had availed themselves of the Paycheck Protection Program loans. 		
November 20	<ul style="list-style-type: none"> Announced return of unused funds of five emergency facilities under the CARES Act to the Treasury after the facilities expire in end-December; the Treasury will repurpose the funds to help airlines and small businesses. 				
December 16	<ul style="list-style-type: none"> Extended US dollar liquidity facilities through September 2021, from March 2021 earlier. The two facilities are (1) the temporary US dollar liquidity swap lines opened in March 2020 between the Fed and nine foreign central banks; and (2) the FIMA repo facility. Added forward guidance to the USD 120 billion monthly asset purchases, linking it to substantial progress in employment and inflation. 				
December 18			<ul style="list-style-type: none"> [Exit policy] Lifted the ban on share buybacks and dividend payments for the six largest US banks, but imposed restrictions on the amount that banks can spend on buybacks and dividends. 		
December 28		<ul style="list-style-type: none"> Approved USD 900 billion stimulus package, which includes USD 600 of direct payments to individuals, unemployment insurance, and Paycheck Protection Program. The bill was accompanied by the USD 1.4 trillion government spending bill for the current fiscal year.
