Recent Developments

Global News

- **France** has lifted its mask mandate in public transportation effective May 16, removing one of its last remaining Covid-containment measures.
- Face masks are also no longer required for air travellers flying to many **European Union** destinations, with the exception of **Germany, Greece, Italy** and **Spain**.
- **Spain** has extended its COVID-19 restrictions, which include allowing entry into the country for fully vaccinated travellers and retaining mask mandates on public transportation, until June 15. The measures were supposed to be lifted on May 15.

Regional News

- **Shanghai** reported three cases outside of quarantine centres after six days of zero cases beyond these facilities.
- **Indonesia** has removed the pre-departure COVID-19 test requirement for vaccinated inbound travellers. Mask mandate for outdoor spaces has also been lifted.
- **Thailand** will allow entertainment outlets to resume regular hours starting in June. Starting June 1, unvaccinated travellers will also no longer need to be quarantined.
- **Vietnam** has removed pre-departure and on-arrival COVID-19 testing requirements for all international tourists, the last Covid-related entry requirements for the country.

Vaccine News

- The **US** National Institutes of Health is studying whether a longer course of the COVID-19 antiviral treatment Paxlovid is needed to prevent reinfections.
- An advisory panel to the **US** Centers for Disease Control and Prevention (CDC) recommends COVID-19 vaccine booster shots for children aged five to 11, at least five months after the primary vaccination course.
- The **UK** is likely to begin offering COVID-19 boosters to people aged over 65, care home residents, frontline healthcare workers and all adults in clinical risk group by autumn.

1/ Values show the 7-day average.

2/ Since January 31, 2020.

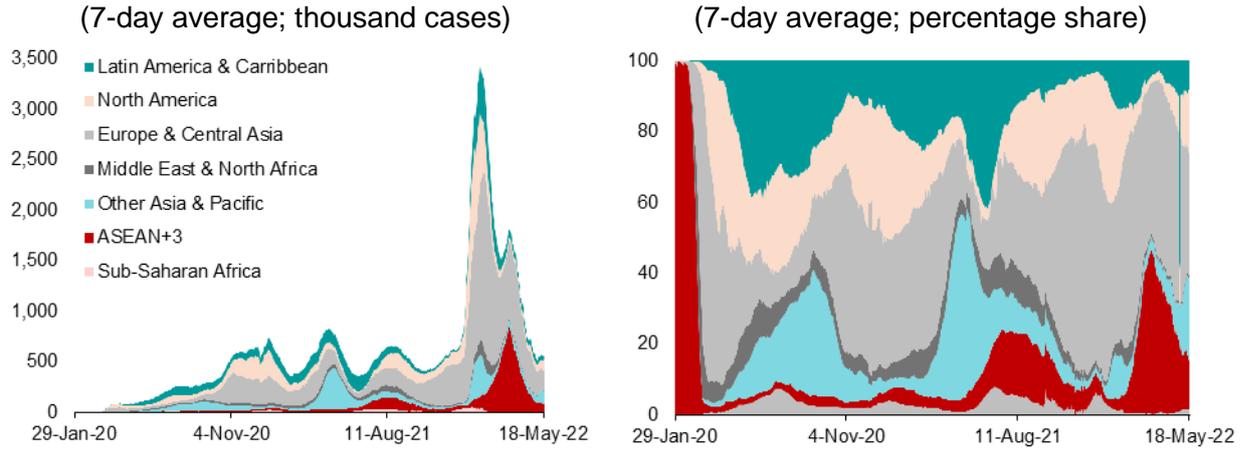

ASEAN+3 and Selected Economies: Vaccination Coverage Status (Percent of population)

Sources: Our World in Data via Haver Analytics; and AMRO staff calculations.

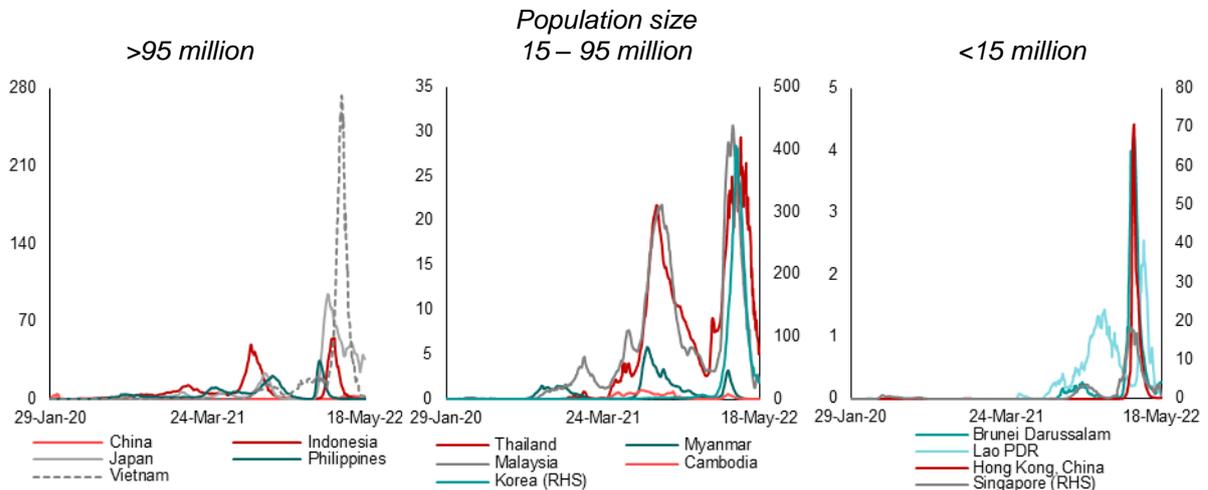

Note: Percent of fully vaccinated population shows the number of people who received all doses prescribed by the vaccination protocol (e.g. one dose of a single-dose vaccine, or two doses of a two-dose vaccine). In the event of discrepancy between data from Our World in Data and national authorities, data from national authorities take precedence.

World: New Cases by Region

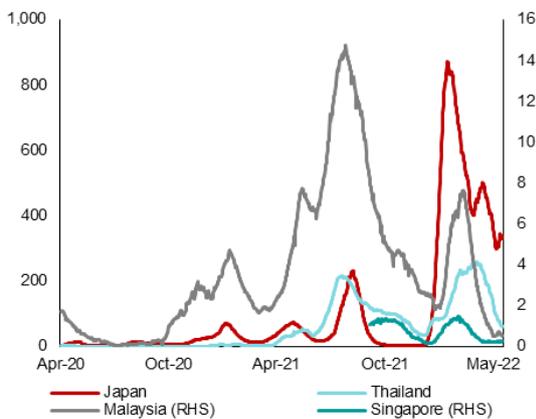

ASEAN+3: Daily New Cases by Size of Population

(7-day average; thousand cases)

Selected ASEAN+3: COVID-19 Hospitalizations
(Thousand persons)

Selected ASEAN+3: Aggregate Non-Residential Mobility
(Percentage change from baseline; 5-day moving average)
