## Recent Developments

### Global News

- **France** reported an average of over 90,000 new coronavirus infections over the last seven days, rising from 66,000 one week ago when most Covid-19 health protocol measures were lifted by the government just ahead of the country's elections.
- The **US** chief medical adviser, Dr. Anthony Fauci, warns of COVID-19 resurgence in the US due to the spread of the highly transmissible omicron subvariant BA.2.

### Regional News

- **China** reported 2,338 new confirmed cases for Mar 21, the bulk is in Jilin province. Shanghai reported a fifth consecutive daily record (865) for locally transmitted COVID-19 asymptomatic cases.
- **Indonesia** has removed its quarantine requirement for fully vaccinated international visitors, announced by the Tourism and Creative Economy Minister Sandiaga Salahuddin Uno in a press briefing on Monday. "The quarantine-free international entry policy will be expanded throughout Indonesia, requiring only entry PCR tests."
- **Hong Kong's** Chief Executive Carrie Lam on Monday has announced to lift flight bans on nine countries and reduce quarantine period from 14 to 7 days for Hong Kong residents returning from overseas from April 1. Social-distancing rules will also be relaxed in three phases starting from April 21 if there is no rebound in cases.

### Vaccine News

- The **U.S.** Food and Drug Administration said on Monday a panel of independent advisers will meet on April 6 to discuss considerations for use of COVID-19 vaccine booster doses.
- The **UK's** Joint Committee on Vaccination and Immunisation (JCVI) has advised an additional spring booster dose for those aged 75 and over and high-risk immunosuppressed individuals as a precautionary measure.

## ASEAN+3 and Selected Economies: Vaccination Coverage (Percent of population)

Sources: Our World in Data via Haver Analytics; various media sources; national authorities; and AMRO staff estimates and calculations.

Note: Percent of fully vaccinated population shows the number of people who received all doses prescribed by the vaccination protocol (e.g. one dose of a single-dose vaccine, or two doses of a two-dose vaccine). In the event of discrepancy between data from Our World in Data and national authorities, data from national authorities take precedence.
