Recent Developments

Global News

- Globally, more than 5 million people have died from Covid-related complications.
- **Russia** has extended the paid non-working week until November 8 after weekly cases and deaths rose to all-time highs of 38,194 and 1,116, respectively, this week.
- Schools in New Delhi have reopened for physical classes with 50 percent capacity, after closing for almost 20 months. Attendance is voluntary and virtual classes will continue.

Regional News

- **Cambodia** has officially reopened its economy this week. Some regional airlines have announced the resumption of direct flights to Cambodia.
- **Lao PDR** has extended current mobility restrictions until November 14 as daily cases reached a record-high of more than 670 cases in the past week.
- **Korea** has eased containment restrictions after vaccinating more than 75 percent of its population. The use of vaccine passports has also been introduced at high-risk venues.
- **Indonesia** has issued an emergency use authorization for the inoculation of children aged six to 11 years old using the Sinovac vaccine.
- **Myanmar** has reopened all basic education schools, except those in high-risk areas, amid a decrease in daily infections in the country.

Vaccine News

- Novavax has received emergency use authorization in Indonesia, its first approval in the world. In **Indonesia**, the shot will be manufactured by the world's largest vaccine manufacturer, Serum Institute of India, and sold under the brand name, Covovax.
- Shionogi, a Japanese pharmaceutical company, will begin Phase 3 clinical trial for its recombinant protein COVID-19 vaccine this month. The trials would be mainly conducted in **Vietnam** and other Asian countries.

ASEAN+3 and Selected Economies: Cumulative Vaccines Administered

Source: Haver Analytics, sourced from Our World in Data; and AMRO staff calculations.

Note: Single vaccination doses only. This does not measure the number of people vaccinated, as two doses are required with most available vaccines. Data is reported at irregular intervals; numbers show latest available.

ASEAN+3 and Selected Economies: Vaccinations and Aspired Population Coverage

Sources: Our World in Data via Haver Analytics; various media sources; Economist Intelligence Unit; and AMRO staff estimates and calculations.

Note: Percent of population vaccinated shows total administered doses divided by two to reflect the two-dose regime of most vaccines—it does not necessarily reflect the actual number of fully vaccinated people. Aspired 2021 targets and completion dates of widespread vaccination are goals, forecasts, or estimates.
