Recent Developments

Global News

- In **Australia**, the city of Perth began its four-day lockdown yesterday night, joining Sydney and Darwin as part of authorities' efforts to contain fresh outbreaks linked to the highly infectious delta variant. The decision comes after one confirmed case was linked to the outbreak in Sydney. Queensland state capital Brisbane also entered a three-day lockdown today.

Regional News

- **Hong Kong** is set to ban all passenger flights from the United Kingdom starting July 1 to help curb the spread of the delta variant. Those who have spent at least two hours in the United Kingdom in the previous 21 days will also be barred from entry.
- **Thailand** implemented new restrictions on capital Bangkok and five surrounding provinces starting yesterday. The measures, to remain for 30 days, include a ban on restaurant dining and gatherings of more than 20 people, as well as mandatory early close of shopping malls. Construction sites in the six areas, along with workers' camps, will also be sealed off during the period.

Vaccine News

- The **US** Food and Drug Authority has added a warning to the literature that comes with the Pfizer-BioNTech and Moderna vaccines to indicate that there is a rare risk of heart inflammation after use. The patient and provider factsheets now state the risk of myocarditis and pericarditis especially after the second dose, with the onset of symptoms within a few days after receiving the shot.
- **Indonesia's** food and drug agency yesterday granted the emergency use authorization of China's Sinovac vaccine for children aged 12 to 17. Authorities are looking to immediately start the inoculation for this age group.
- Health authorities in **Vietnam** has approved the emergency use of Moderna's vaccine, the fifth to be given the green light. Authorities have previously approved those from AstraZeneca, Gamaleya Institute, Sinopharm, and Pfizer-BioNTech.

ASEAN+3 and Selected Economies: Total Vaccines Administered

Source: Haver Analytics, sourced from Our World in Data; and AMRO staff calculations.

Note: Single vaccination doses only. This does not measure the number of people vaccinated, as two doses are required with most available vaccines. Data is reported at irregular intervals; numbers show latest available.

ASEAN+3 and Selected Economies: Vaccinations and Aspired Population Coverage

Sources: Our World in Data via Haver Analytics; various media sources; Economist Intelligence Unit; and AMRO staff estimates and calculations.

Note: Percent of population vaccinated shows total administered doses divided by two to reflect the two-dose regime of most vaccines—it does not necessarily reflect the actual number of fully vaccinated people. Aspired 2021 targets and completion dates of widespread vaccination are goals, forecasts, or estimates.
