## Recent Developments

### Global News

- **Brazil** saw record increase of more than 66,000 cases in the last 7 days. Total cases stand at 11.5 million, surpassing India as the second most infected nation in the world. As of Sunday, intensive care units in 21 states reported occupancy rates of above 80%.
- **Italy** reinstated lockdowns in 20 regions as cases spike in the nation and throughout Europe, driven by the more infectious new variants of the coronavirus.

### Regional News

- **Philippines** reinstated curfews and localised lockdowns, including requiring youths below 15 years old to remain indoors, after cases surged by over 4,000 new infections last week.
- Confirmed cases in **Cambodia** linked to the February 20 cluster continued to increase. The cluster now accounts for more than half of the 1,325 total cases in the country.
- **Australia** and **Singapore** aim to open travel bubble for vaccinated residents by July 2021. Resumption of travel will be prioritised for students and business travellers.

### Vaccine News

- **WHO** announced that new Covid-19 vaccines, including ones that do not require needles and can be stored at room temperature, may be ready for use later this year or next year. Six-to-eight new vaccines may complete clinical studies and undergo regulatory review by the end of the year.
- Following the suspension of AstraZeneca vaccines by several countries over blood clot concerns, **WHO** has reiterated that the AstraZeneca vaccines remain safe for use and that the benefits outweigh the risks.

## Vaccine Tracker

### ASEAN+3 and Selected Economies: Total Vaccines Administered

(Millions of doses)

(Per 100 population)

Source: Haver Analytics, sourced from Our World in Data; and AMRO staff calculations.  
 Note: Single vaccination doses only. This does not measure the number of people vaccinated, as two doses are usually required with available vaccines. Data is reported at irregular intervals; numbers show latest available.
