Recent Developments

Global News

- The **United States** reported its lowest daily increase in cases in more than three months.
- **India's** daily new cases fell below 10,000 for the second time this month.

Regional News

- **Korea** reported two days of the lowest daily increase in cases since late November. Social distancing measures will remain in place until after the Lunar New Year holiday, though restrictions on business hours will be slightly eased.
- **China** has reported two days with no locally transmitted cases, the first time in nearly two months. Several imported infections were confirmed.
- **Malaysia** recorded 24 deaths from COVID-19 yesterday, a daily record. Total deaths have reached 896 amid almost a quarter million confirmed cases.

Vaccine News

- **South Africa** halted its rollout of AstraZeneca's vaccine after studies showed it provided minimal protection against mild to moderate cases of the local virus variant. It will now start its vaccination campaign with Johnson & Johnson's vaccine. Efficacy of the AstraZeneca vaccine against deaths and severe illness remains to be determined.
- Sinovac Biotech Ltd. has received regulatory approval in **China**, the second vaccine approved for the general public in China.
- CanSino Biologics Inc.'s vaccine candidate showed an efficacy rate of 65.7% in a Phase 3 trial of 30,000 participants, and prevented 91% of severe diseases.
