## Recent Developments

### Global News

- In **New Zealand**, Auckland went into a 3-day lockdown following the discovery of three new local cases infected with the UK strain. This is the first lockdown in New Zealand since August. As a result, **Australia** has suspended its travel bubble with New Zealand for an initial period of 72 hours.
- Daily new cases in the **United States** have dropped to below 100,000, levels last observed in early November.

### Regional News

- Several regional economies will soon launch their vaccination campaigns. Tomorrow, **Japan** will begin inoculating health workers with the Pfizer/BioNTech vaccine, the first one to be approved for domestic use. **Malaysia** and **Korea** will roll out their vaccination programs next week.

### Vaccine News

- The **World Health Organization** has approved AstraZeneca and University of Oxford's COVID-19 vaccine for emergency use, as produced by AstraZeneca-SKBio in Korea and the Serum Institute of India. The vaccine makes up the largest share of doses in the COVAX initiative, with rollout expected later this month.
- A new trial will test the Oxford/AstraZeneca vaccine in children aged between 6 and 17 years. This is the first trial of a coronavirus vaccine in children this young.
