Statistics

- Worldwide **confirmed cases** stood at 99.2 million yesterday, after more than 1 million new infections were reported since Friday. Total deaths stood above 2.1 million. The **United States'** total cases surpassed 25 million, followed by India, with 10.7 million infections.
- Total confirmed cases in the **ASEAN+3** region stood at 2.4 million, with more than 46,000 new cases recorded over the weekend.
- China** reported 124 new infections yesterday, up from the previous day's figure of 80. Of the new cases, 117 are classified as local infections. Last Friday, China also reported its first cluster of cases among workers in a meat processing plant.
- Total fatalities in Japan** surpassed 5,000 during the weekend, while infections also exceeded the 365,000-mark. Confirmed cases in Tokyo climbed above 93,000, the highest among all prefectures, while Osaka reported the most deaths, with more than 800.
- Korea** recorded around 440 new cases yesterday, bringing its total confirmed tally to more than 75,500. Daily new infections stayed below the 500-mark for more than a week. A new cluster was found in a religious training facility south of Seoul.
- Malaysia** recorded 4,275 new infections on Saturday, its highest daily increase so far, before declining below 3,500 yesterday. Confirmed cases surpassed 183,000, the fourth-highest in the region, with total deaths around 680.

News

- The **World Health Organization** (WHO) has reached a deal with drug manufacturers Pfizer and BioNTech for 40 million doses of their vaccine, to be delivered mostly to low-income economies. Vaccinations under the WHO's COVAX facility are expected to commence next month. Top US infectious diseases expert Dr. Anthony Fauci also confirmed last week that the **United States** will now be joining the COVAX facility.
- Singapore** will begin vaccinations for senior residents beginning Wednesday this week, moving forward with its vaccination plan after starting with its health workers. The program for the elderly is expected to begin with a pilot plan in limited areas, before expanding nationwide by February.
- The **United States** is expected to soon re-impose an entry ban on most non-US citizens who have been to South Africa, Brazil, the United Kingdom, and 27 other European economies, to control the spread of the new variants of COVID-19. The Centers for Disease Control and Prevention (CDC) is also due to sign a new order requiring all international air travellers to present a negative test taken within three calendar days of travel, or proof of recovery, before being granted entry to the United States.

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ Resolved cases (i.e. non-active cases) to total cases; serves as a proxy for the stage of the cycle.
