## Statistics

- **Worldwide** confirmed cases surpassed 38 million, with more than 1.085 million confirmed deaths.
- The **Philippines** reported around 1,900 new cases, the lowest increase in almost three weeks, and 40 new deaths.
- **Singapore** reported four new cases, all imported, with no local transmission including in its foreign worker dormitories. This is the first time no new dormitory cases have been reported since March 25.
- 660 new cases were reported in **Malaysia**, the highest increase in a week and the second highest increase since the start of the pandemic.
- **Myanmar** confirmed 1,123 new cases, the eighth day with an increase above 1,000, but a lower tally than previous days.
- **India** reported 63,509 new cases, with daily new cases dropping below 70,000 for the third straight day.
- Several **European** countries are recording record increases in confirmed cases, including more than 21,000 new cases in **France** and more than 17,000 cases in the **United Kingdom**. Cases increased by more than four percent in both **Belgium** and the **Netherlands**.

## News

- Several **European** countries are tightening restrictions following surges in the virus. **Northern Ireland** will impose a “circuit breaker” lockdown for four weeks, while the **Netherlands** will ban the sales of alcohol after 8 p.m. and bars, restaurants and coffee shops will have to close.
- U.S. pharmaceutical company Eli Lilly’s government-sponsored clinical trial of a Covid-19 antibody treatment has been halted due to a safety concern.

## Overview of Confirmed COVID-19 Cases

Data as of 13/10/2020

Economy	Total Cases	Cases per 1M Population	New Cases	New Cases per 1M Pop.	New Cases (7-day avg) <sup>1</sup>	ΔNew Cases	Δ% New Cases	Total Deaths	New Deaths	Fatality Rate (%)	Total Recovered	Recovery Rate (%)	Active Cases	Resolved cases (%) <sup>2</sup>

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

<sup>1/</sup> Since January 31, 2020.

<sup>2/</sup> Resolved cases (i.e. non-active cases) to total cases; serves as a proxy for the stage of the cycle.
