#### Statistics

- Worldwide confirmed cases <u>surpassed 36 million yesterday</u>, taking four days to increase from 35 million. Total fatalities stood at 1.05 million.
- Across the **ASEAN+3 region**, around <u>9,800 new cases were reported yesterday</u>, an increase from the previous day's tally.
- Daily new infections in **Myanmar** <u>remained above 1,000 for the second-straight day. It saw</u> <u>1,400 new infections</u>, higher than the previous day's tally. Total confirmed cases stood above 21,000 with deaths surpassing 500, after 39 more people died.
- Malaysia saw <u>489 additional infections yesterday, easing from the previous day's high of</u> <u>nearly 700</u>. Of the new cases, two were imported, and more than 180 were linked to the state of Sabah. No new deaths were reported.
- India reported more than 78,000 new infections yesterday, the second-straight day of increase. Total confirmed cases stood at 6.8 million, while the death toll has jumped to more than 105,000, after 971 new deaths.
- Total confirmed cases in **Brazil** <u>surpassed 5 million yesterday</u>, the third highest in the world, <u>after it saw an additional 31,000 infections</u>. The death toll stood near 150,000, behind the United States in terms of the most number of COVID-19 deaths.
- **France** reported an all-time high of <u>nearly 19,000 new infections yesterday</u>, bringing its total cases to more than 653,000. It also saw 80 additional deaths yesterday. France is expected to put new social distancing measures and other restrictions in the next few days.

#### News

- As new infections continue to increase, **Italy** made <u>the wearing of masks mandatory</u>. The cabinet approved the decree yesterday, and the new rule is expected to be enforced today. The cabinet also approved the <u>decree that will place the country under a state of emergency</u> <u>until January 31, 2021</u>.
- Japan is reportedly planning to allow Japanese and foreign business travellers with residency status to re-enter the country <u>without following the two-week self-quarantine requirement</u>, <u>to help revive economic activity</u>. Travellers will reportedly be required to submit a detailed itinerary plan, and must avoid taking public transport.
- In the United States, drugmaker Eli Lilly yesterday <u>applied for an emergency use</u> <u>authorisation of its antibodies as a treatment option for COVID-19 patients</u>. Trial results suggest that a combination of its antibody treatments reduced the risk of hospitalisation by 85 percent. This is deemed a useful option for those with mild to moderate symptoms.
