<b>8,260,023</b> Active Cases (29.3%)	<b>125,127</b> Active Cases (17.5%)	<b>12,353</b> Active Cases (6.6%)	<b>112,774</b> Active Cases (21.3%)

## Statistics

- With almost 300,000 new cases recorded yesterday, **worldwide** confirmed cases surpassed 28 million.
- 8,776 new cases were reported across the **ASEAN+3 region** yesterday, the highest level in more than two weeks.
- Daily new infections in **Indonesia** reached a new high of 3,861 cases, with 120 new fatalities reported.
- **Myanmar** reported another elevated daily rise of 141 new cases, for a total of 2,150 cases.
- **India** confirmed its highest single-day spike with 96,551 new cases. More than 1,200 new deaths were confirmed, bringing the total to 4.56 million cases and 76,271 deaths.
- In **Europe**, cases are growing by two percent and more in **France** and **Spain**. Spain recorded a record of more than 10,000 new cases. In France, the government is discussing new measures to curb rising infections today.

## News

- In **Myanmar**, in response to a recent surge in cases, stay-at-home orders were expanded in greater Yangon yesterday. After the virus resurfaced domestically last month, schools had been closed and some restrictions re-imposed such as no domestic traveling other than in an emergency and curbs on entry into Yangon and the capital Naypyitaw.
- In **Hong Kong**, all public services will fully resume by next Tuesday. The government's Universal Community Testing Programme has been extended until September 14. So far, 1.53 million people have been tested for the virus.

## Overview of Confirmed COVID-19 Cases

Data as of 10/9/2020

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ Recovery rate is a proxy for the stage of the cycle.
