## Statistics

- **Worldwide** confirmed cases reached 22.4 million yesterday, with more than 787,000 deaths.
- The **ASEAN+3 region** yesterday saw more than 8,000 new infections.
- New cases in **Japan** topped 1,000 yesterday, an increase from the previous day. **Osaka** prefecture accounted for 187 new infections, exceeding Tokyo's daily figure for the first time in three months. Confirmed cases nationwide stood close to 59,000.
- **Korea** recorded 288 new infections yesterday, marking at least a week of triple-digit increases, with 135 originating from Seoul. Total confirmed cases stood around 16,300, including at least 600 cases traced to the Sarang Jeil Church.
- At least 4,500 new cases were recorded in the Philippines yesterday, pushing the country's total cases above 173,000. Total deaths increased to almost 2,800.
- Total confirmed cases in **Indonesia** increased to nearly 145,000 yesterday, after more than 1,900 additional infections were recorded. At least 500 new cases came from Jakarta. The death toll surpassed 6,300, after 69 more people died.
- **Thailand** confirmed 1 new case yesterday, a national, bringing the country's total tally to more than 3,380. The individual returned home from the United Arab Emirates in June and had already cleared the two-week quarantine, before testing positive this week.
- **New Zealand** recorded 5 new infections yesterday, less than the previous day, and bringing total confirmed cases to 1,304. All new cases remain linked to the Auckland cluster.

## News

- **Thailand** is considering the extension of its state of emergency for another month until September 30, in order to avert another wave of infections.
- Green Cross Corp, a **Korea**-based company, has received regulatory approval to conduct the second phase of human trials for its experimental COVID-19 blood plasma treatment drug.
- The **United States** yesterday put on hold the issuance of emergency approval for blood plasma treatment for COVID-19 patients, as several health officials highlighted that current evidence on the treatment's efficacy remains weak.
- **Singapore's** Ministry of Manpower has now declared all dormitories cleared of COVID-19, including all standalone blocks in purpose-built dormitories that served as isolation and quarantine facilities. Around 330,000 foreign workers are now allowed to resume work.

## Overview of Confirmed COVID-19 Cases

Data as of 19/8/2020

Source: Haver Analytics, sourced from John Hopkins University; AMRO staff calculations.

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ Recovery rate is a proxy for the stage of the cycle.
