Global Coronavirus Cases		ASEAN+3 Coronavirus Cases		Plus-3 Coronavirus Cases		ASEAN Coronavirus Cases	
20,284,882 Total Cases		491,705 Total Cases		153,928 Total Cases		337,777 Total Cases	
12,585,473 Recovered Cases (62.0%)	741,126 Deaths (3.7%)	345,699 Recovered Cases (70.3%)	14,427 Deaths (2.9%)	130,316 Recovered Cases (84.7%)	6,056 Deaths (3.9%)	215,383 Recovered Cases (63.8%)	8,371 Deaths (2.5%)
6,958,283 Active Cases (34.3%)		131,579 Active Cases (26.8%)		17,556 Active Cases (11.4%)		114,023 Active Cases (33.8%)	

Statistics

- **Worldwide** confirmed cases stood at 20.3 million yesterday, with at least 741,000 fatalities.
- The **ASEAN+3 region** saw nearly 5,500 new cases yesterday, bringing the region's total confirmed cases closer to half a million.
- **Hong Kong** yesterday saw 33 new cases, of which one was imported, bringing its total to more than 4,180 infections. This daily figure is the lowest single-day increase since mid-July.
- New infections in **the Philippines** reached around 2,900 yesterday, a significant decline from the previous day's spike. The country's total confirmed tally stood at almost 140,000, while deaths climbed to 2,312 as 18 more fatalities were also recorded yesterday.
- **Indonesia** reported almost 1,700 new cases yesterday, with Jakarta accounting for more than 450 additional infections. This brings the total confirmed cases to nearly 129,000. Fatalities also increased yesterday, with 59 additional deaths.
- Authorities in **New Zealand** found four infections in a household in South Auckland, all members of the same family. These are the first known cases of local transmission in the country after more than 100 days.

News

- Russia President Vladimir Putin announced that **Russia** is the first in the world to grant regulatory approval to a COVID-19 vaccine. The WHO and Russian health authorities are reportedly discussing the possible prequalification process for the newly-approved vaccine, named "Sputnik V" for foreign markets.
- **China's** Sinovac Biotech yesterday launched a late-stage human trial for a COVID-19 vaccine candidate, involving more than 1,500 patients in Indonesia. Sinovac is developing the vaccine, known as CoronaVac, with Indonesian state-owned firm Bio Farma. CoronaVac is currently under a late-stage trial in **Brazil**, involving around 9,000 people.
- **Mexico** yesterday signed memorandums of understanding with **US** company Johnson & Johnson and two Chinese companies in order to conduct late-stage clinical trials for COVID-19 vaccines in development. Trials are expected to commence between September this year and January 2021.
- **Singapore's** Ministry of Manpower yesterday announced that all worker dormitories, except for those serving as government quarantine facilities, are now clear of COVID-19. The pronouncement now allows more than 300,000 workers to return to work.

Overview of Confirmed COVID-19 Cases

Data as of 11/8/2020

Source: Haver Analytics, sourced from John Hopkins University; AMRO staff calculations.

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ Recovery rate is a proxy for the stage of the cycle.
