Statistics

- **Worldwide** confirmed cases reached 20.9 million yesterday, with around 755,000 fatalities.
- The **ASEAN+3 region** again saw more than 7,000 new infections yesterday, higher than the previous day's tally. The region's total infections have surpassed half a million.
- **Japan** saw over 1,000 new infections yesterday, an increase from the previous day. Total cases stood above 52,000, with the increase being linked to the summer holidays. Tokyo saw 206 new infections, the second-straight day of more than 200 cases.
- **The Philippines** surpassed the 145-thousand mark for confirmed cases yesterday, after it recorded more than 3,500 new infections. The death toll climbed above 2,400.
- New infections in **Indonesia** exceeded 2,000 yesterday, after recording less than this level for four straight days. Confirmed cases totalled around 133,000, with nearly 6,000 deaths.
- **Vietnam** reported more than 20 new infections yesterday, and 3 new deaths. Total cases surpassed 900, of which at least 400 are linked to the city of Danang.
- **India** saw nearly 65,000 new infections yesterday, bringing total confirmed cases to 2.5 million, the third highest in the world. Fatalities have surpassed 48,000.

News

- In **Japan**, Okinawa prefecture—a popular vacation spot—moved its state of emergency end-date to August 29 from August 15. Its COVID-19 alert level was also raised to the highest, with the governor describing the spread of the virus as “severe.”
- **Japan** and **Singapore** are working to resume bilateral essential travel by September, according to a joint statement of their Ministers for Foreign Affairs yesterday. The agreement involves two major tracks—a “residence track” and a “business track”—which will determine travel and quarantine rules for work pass holders and short-term business travellers, respectively.
- **Indonesia** yesterday announced a travel corridor arrangement with Korea, for “essential business trips.” This will take effect by next Monday, August 17, and will allow the movement of essential industry stakeholders and members of the diplomatic community.
- **The Philippines** will reportedly begin clinical trials of the Russian vaccine Sputnik V by October. President Duterte, who volunteered to participate in the clinical trials, may receive the vaccine as early as May next year.
