## Statistics

- **Worldwide** confirmed cases surpassed 1.97 million. Confirmed cases in the United States climbed to more than 600,000.
- Around 1,500 new cases were reported across the **ASEAN+3 region** yesterday, of which slightly less than 300 each in the **Philippines, Indonesia, and Japan**. **Singapore** confirmed 334 new cases.
- **Korea** confirmed 27 new cases, keeping the new daily confirmed cases below 100 since April 1.

## News

- As **Singapore's** number of confirmed cases continues to rise to a total of 3,252 with 334 newly confirmed cases yesterday, almost half can be traced to foreign worker dormitories. The government has started implementing response measures, including isolating affected dorms and providing on-site support.
- Chinese state media report that **China** has approved early-stage human tests for two experimental vaccines against the novel coronavirus.
- **U.S. President** Trump said he instructed his administration to temporarily halt funding to the World Health Organization over its handling of the coronavirus pandemic.
- **UN Secretary General** António Guterres reiterated that "now is the time for unity and for the international community to work together in solidarity to stop this virus and its shattering consequences."

## Overview of COVID-19 Cases

Data as of 14/4/2020

Notes: New cases since last business day. Monday's data includes weekend data. Δ% refers to percentage change since last business day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ As new data is recorded on business days only, Monday's data includes weekend data. For ease of comparison, ΔNew Cases for Monday's data is based on the 3-day Saturday-Monday average.

3/ Recovery rate is a proxy for the stage of the cycle.
