Statistics

- **Indonesia** continued to report elevated daily incidence over the weekend. Total confirmed cases stand at 22,750, with a death toll of 1,391.
- 172 new cases were confirmed in **Malaysia**, the highest daily increase in six weeks. The majority of these cases was traced to three immigration detention facilities.
- **China** confirmed 11 new cases on Sunday and 7 new cases yesterday. All of these cases were imported.
- Daily new cases remain high in **Brazil**, second only to the daily incidence in the United States. It surpassed Russia as the country with the second highest number of total cases, with almost 375,000 confirmed cases.
- Cases continue to rise in **India**, which recorded its highest daily increase so far over the weekend. With 144,950 total cases, it has overtaken Iran as one of the ten economies with most confirmed cases.

News

- In **Hong Kong**, entertainment venues including bars and nightclubs will reopen on Friday. Transit flights will be allowed to resume on the city's international airport from next week.
- **Japan** lifted its state of emergency yesterday. The state of emergency had still been in place for Tokyo and four other prefectures.

Source: Haver Analytics, sourced from John Hopkins University; AMRO staff calculations.

Notes: New cases since previous day. Δ% refers to percentage change since previous day. Fatality rate measured as deaths per confirmed infections.

1/ Since January 31, 2020.

2/ Recovery rate is a proxy for the stage of the cycle.
