Recent Developments

Global News

- **European** nations must accelerate vaccine uptake and bring back mask wearing to tackle a surge in COVID-19 cases driven by an Omicron offshoot and avoid stricter measures later in the year, WHO Regional Director for Europe said on Tuesday.
- **Australians** have been urged to work from home, wear masks indoors, and get booster shots urgently as the number of people in hospitals with COVID-19 nears record levels.

Regional News

- **China's** Shenzhen vows to 'mobilize all resources' to curb a slowly spreading COVID-19 outbreak, ordering strict implementation of testing and temperature checks, and lockdowns for COVID-affected buildings.
- **Japan** registered a record-high 180,000 new daily COVID-19 cases on Thursday and urged citizens to get booster shots to stem the further spread of the deadly disease.
- **Japanese** Prime Minister Fumio Kishida unveiled plans Friday to provide antigen test kits for free to people visiting hospitals for COVID-19 testing.
- **Hong Kong** will no longer require people infected with the most highly infectious Covid-19 subvariants to isolate at government-run facilities, scrapping a rule that led many to fear reporting infections as cases surged in the city.
- Rising Covid-19 caseloads across **South Korea** have forced the government to tighten its testing regime for arrivals, with all travellers entering the country from July 25 required to take a PCR test within 24 hours (shortened from 3-day leeway).

Vaccine News

- The **Japanese** government is considering extending the operation of large-scale vaccination sites run by the Self-Defense Forces in Tokyo and Osaka, as coronavirus cases are surging across the country.
- Moderna said late on Monday that **Australia's** drug regulator had provisionally approved its mRNA COVID-19 vaccine, Spikevax, for use in children between six months old and five years old.

1/ Values show the 7-day average.

2/ Since January 31, 2020.

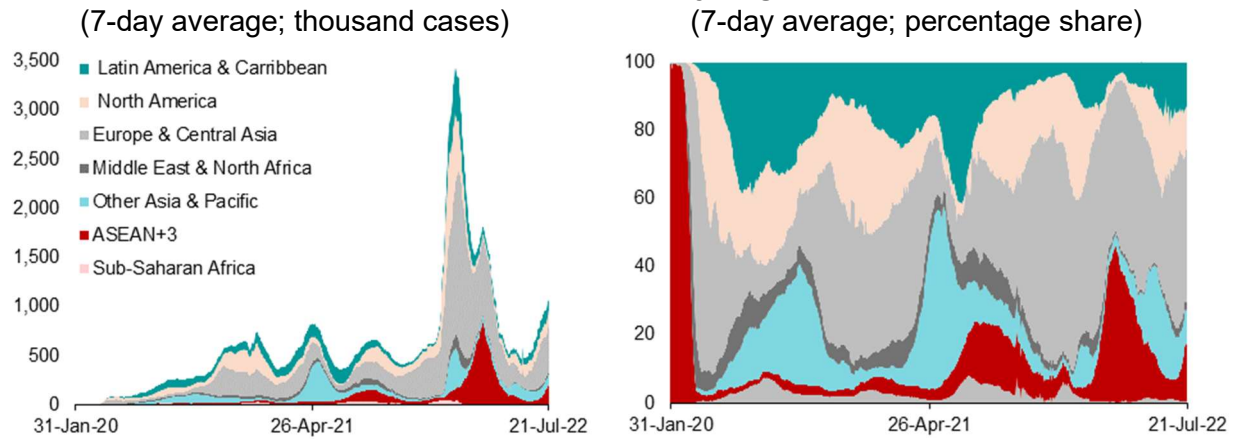

ASEAN+3 and Selected Economies: Vaccination Coverage Status (Percent of population)

Sources: Our World in Data via Haver Analytics; and AMRO staff calculations.

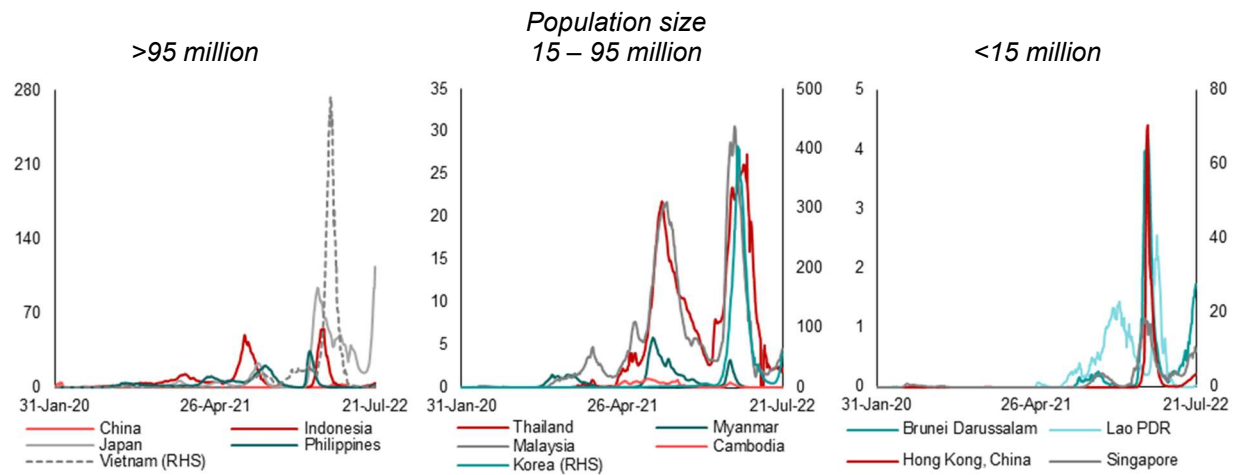

Note: Percent of fully vaccinated population shows the number of people who received all doses prescribed by the vaccination protocol (e.g. one dose of a single-dose vaccine, or two doses of a two-dose vaccine). In the event of discrepancy between data from Our World in Data and national authorities, data from national authorities take precedence.

World: New Cases by Region

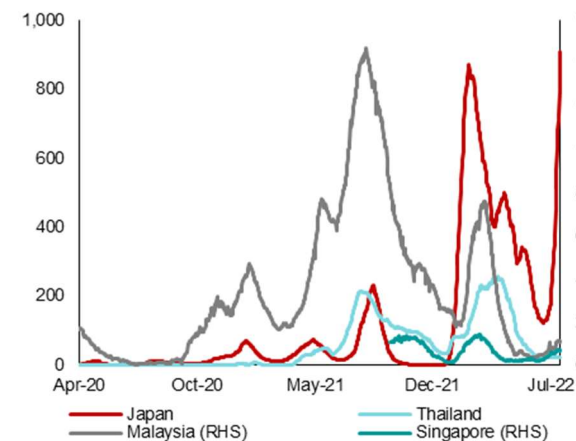

ASEAN+3: Daily New Cases by Size of Population

(7-day average; thousand cases)

Selected ASEAN+3: COVID-19 Hospitalizations

(Thousand persons)

Selected ASEAN+3: Aggregate Non-Residentials Mobility

(Percentage change from baseline; 5-day moving average)
