

Accurate and Timely Data Flow Crucial for Policymaking

The world has seen more than 5 million COVID-19 cases, and more than 300,000 deaths. Jobs are lost and many are living in isolation. Accurate and timely data and information are crucial for decision-making, especially during a crisis. AMRO aims to keep information flowing by producing economic research on key development issues pertaining to the ASEAN+3 region. Check out AMRO's dedicated COVID-19 site [here](#).

Speeches

Cooperation and Integration as a Counterweight against Protectionism

In his speech at the 2020 Boao Asia Forum, AMRO Director Toshinori Doi appealed to the region to persist in regional cooperation and affirm its strong commitment to the rules-based multilateral trading system.
