

## CALL FOR PAPERS

**Conference on  
“Safeguarding Global Financial Stability in a New Era”  
July 15, 2024, Hong Kong**

Co-organized by  
Hong Kong Institute for Monetary and Financial Research (HKIMR)  
International Monetary Fund (IMF)  
Bank for International Settlements (BIS)  
ASEAN+3 Macroeconomic Research Office (AMRO)

The HKIMR, IMF, BIS and AMRO are jointly organizing a conference on “Safeguarding Global Financial Stability in a New Era” on July 15, 2024, in Hong Kong.

The global economy has entered into a new era of high debt, volatile inflation, and rising geoeconomic fragmentation, along with climate change and the rapid development of digitalization, virtual assets and social media. These will bring new challenges for safeguarding global financial stability. All these call for new thinking and new frameworks for policy makers. We invite submissions on topics that include (but are not limited to):

- How have emerging market economies navigated through the rise in global interest rates
- Financial stability challenges in Asia and their global implications
- Debt overhang, stronger fiscal-financial nexus, and financial stability implications
- Systemic risk in non-bank financial intermediation
- Innovations in the global payment system, rise in virtual assets, CBDCs, and global financial stability
- Implications of climate change, climate transition and green financing for financial stability
- Development of global and regional financial safety nets to safeguard financial stability
- Implications of geoeconomic fragmentation for financial stability

We invite authors to submit completed papers or extended abstracts. The deadline for submissions is April 30, 2024. Authors of accepted papers will be informed by May 20, 2024.

All submissions should be sent by email to [hkimr@hkma.gov.hk](mailto:hkimr@hkma.gov.hk) in PDF format, using the authors' names as the file name, and enter "Submission for HKIMR Joint Conference on July 15, 2024" as the email subject line.

The papers will be selected based on originality, analytical rigor, and policy relevance. Preference will be given to completed papers.

The conference will take place in person. Financial support for travel and accommodation costs might be available for presenters and discussants from academia.
